Movin' On . . .

Movin' On

"Big wheels rolling, Big wheels rolling. Movin' On.
Big wheels rolling, got to keep them going, Movin' On.
The white line is a life line to a nation, men like Will and
Sonny make it move.
Living like a gypsy, always on the go, doing what they best
know how to do.

Jamming gears has got to be a fear, because men become
addicted to the grind, it takes a special breed to be a truck
driving man and a steady hand to hold the load behind.

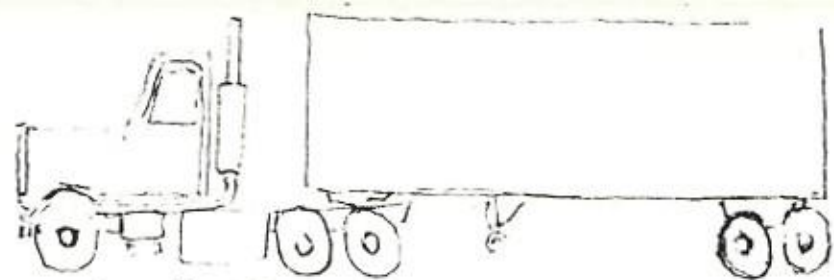

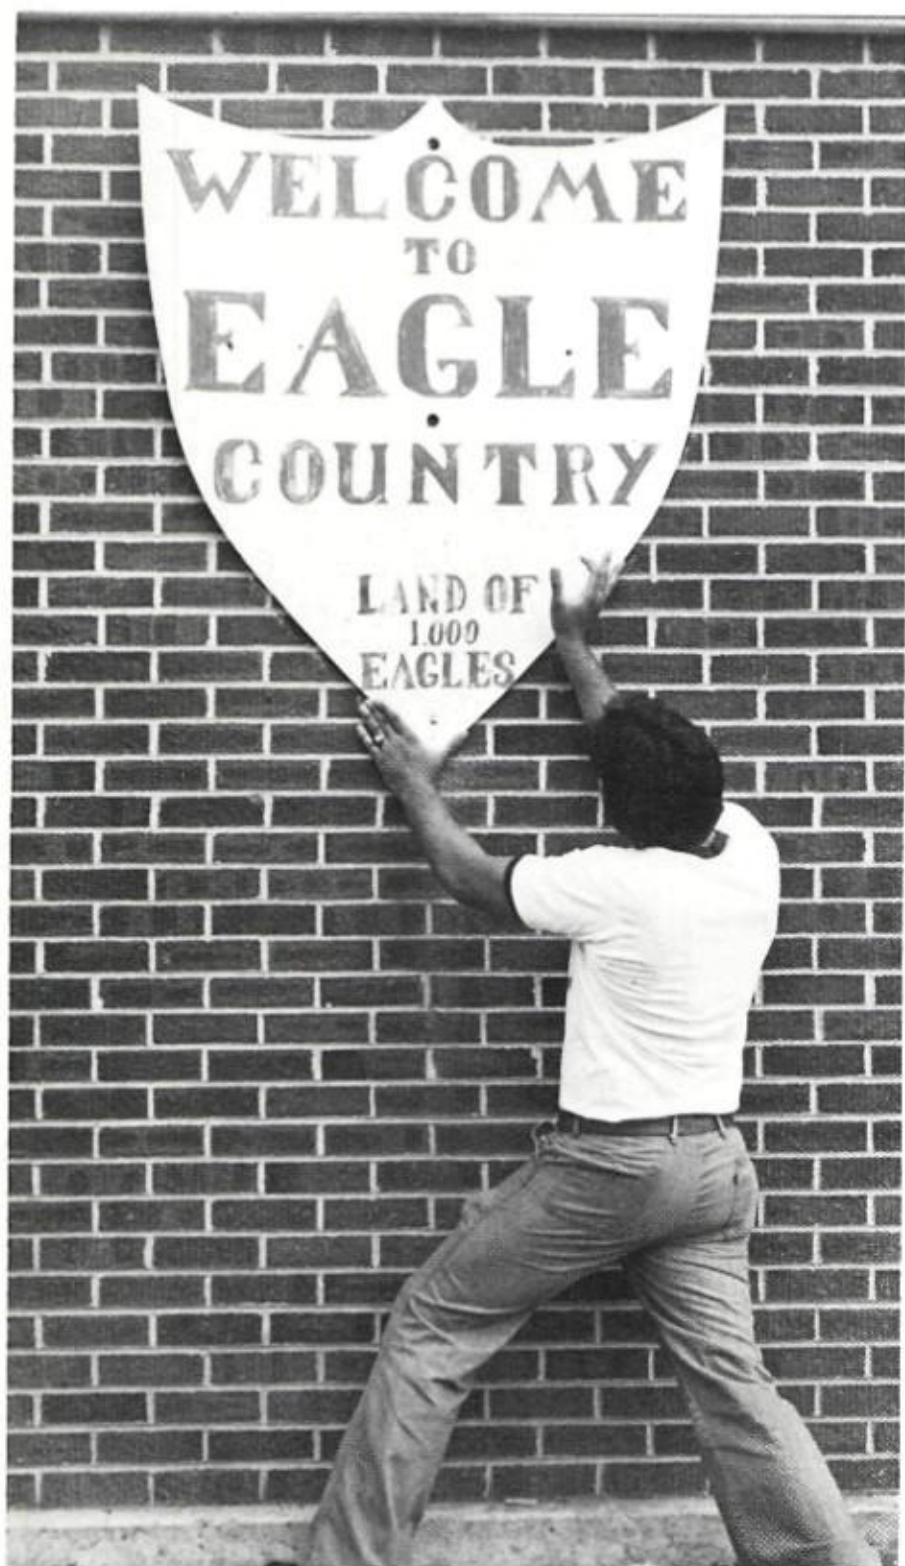

A good hot cup of coffee is waiting up ahead, good rhythm of
the highway hums along.

And men like Will and Sonny will just keep Movin' On.
Big wheels rolling, Big wheels rolling, Movin' On."

"Movin' On"

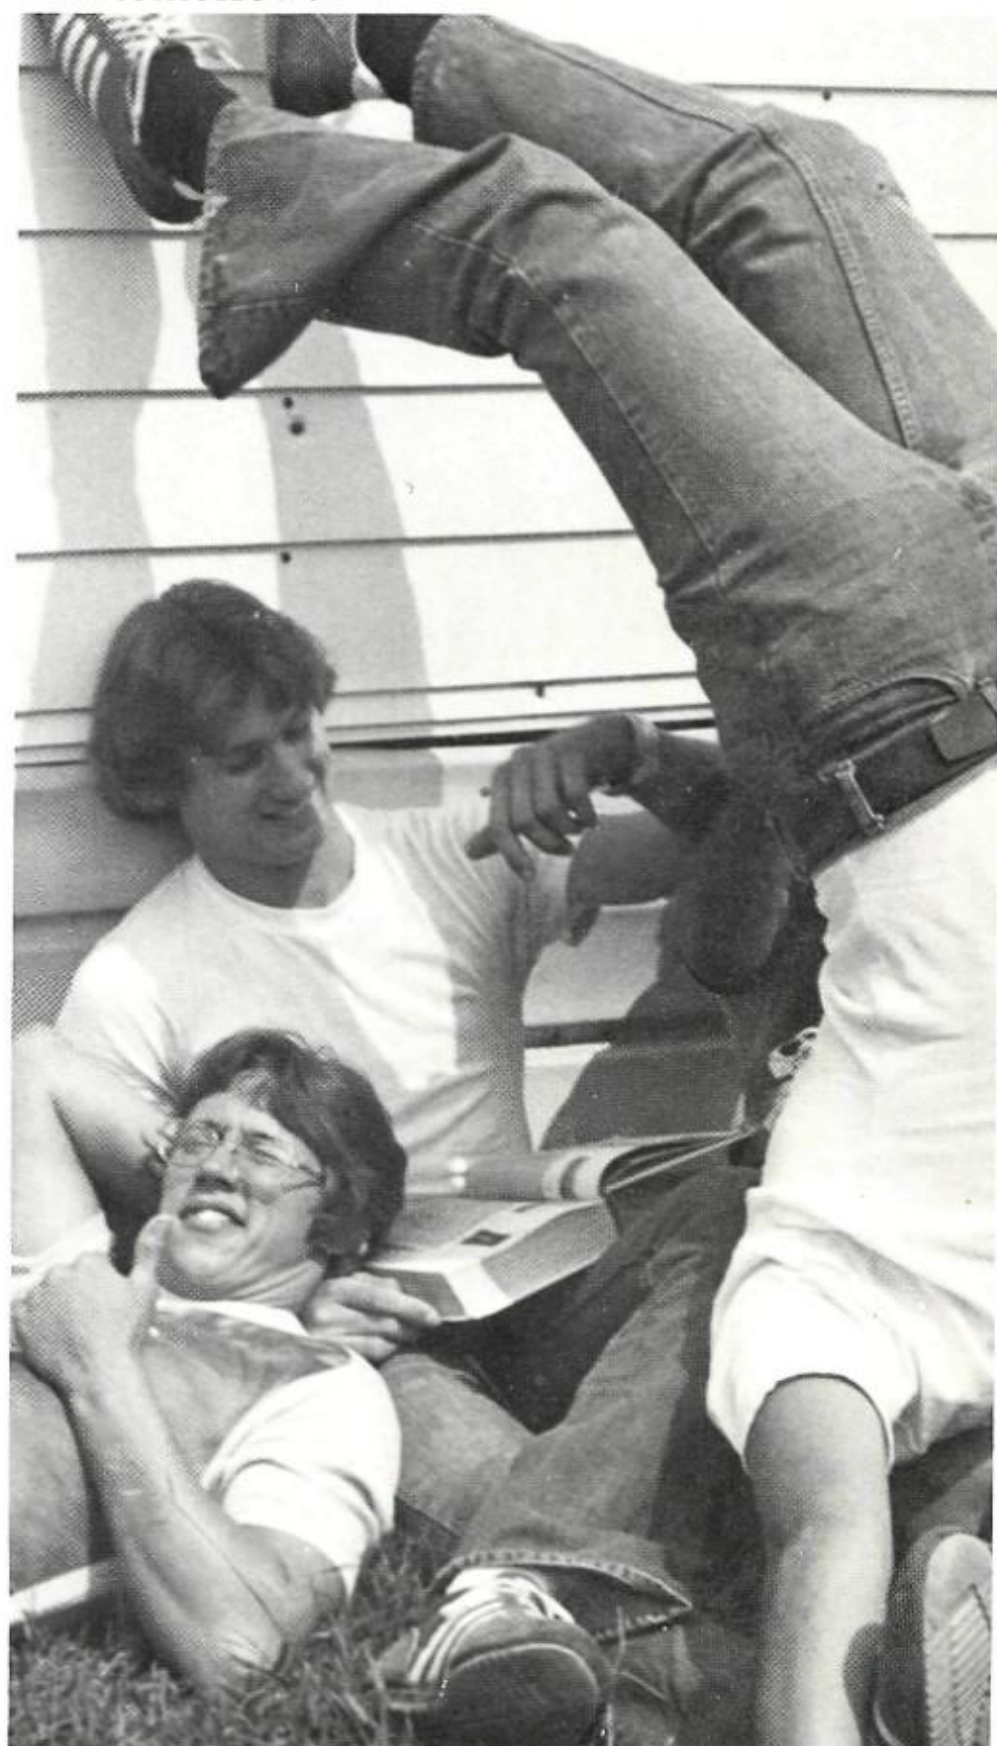

Merle Haggard

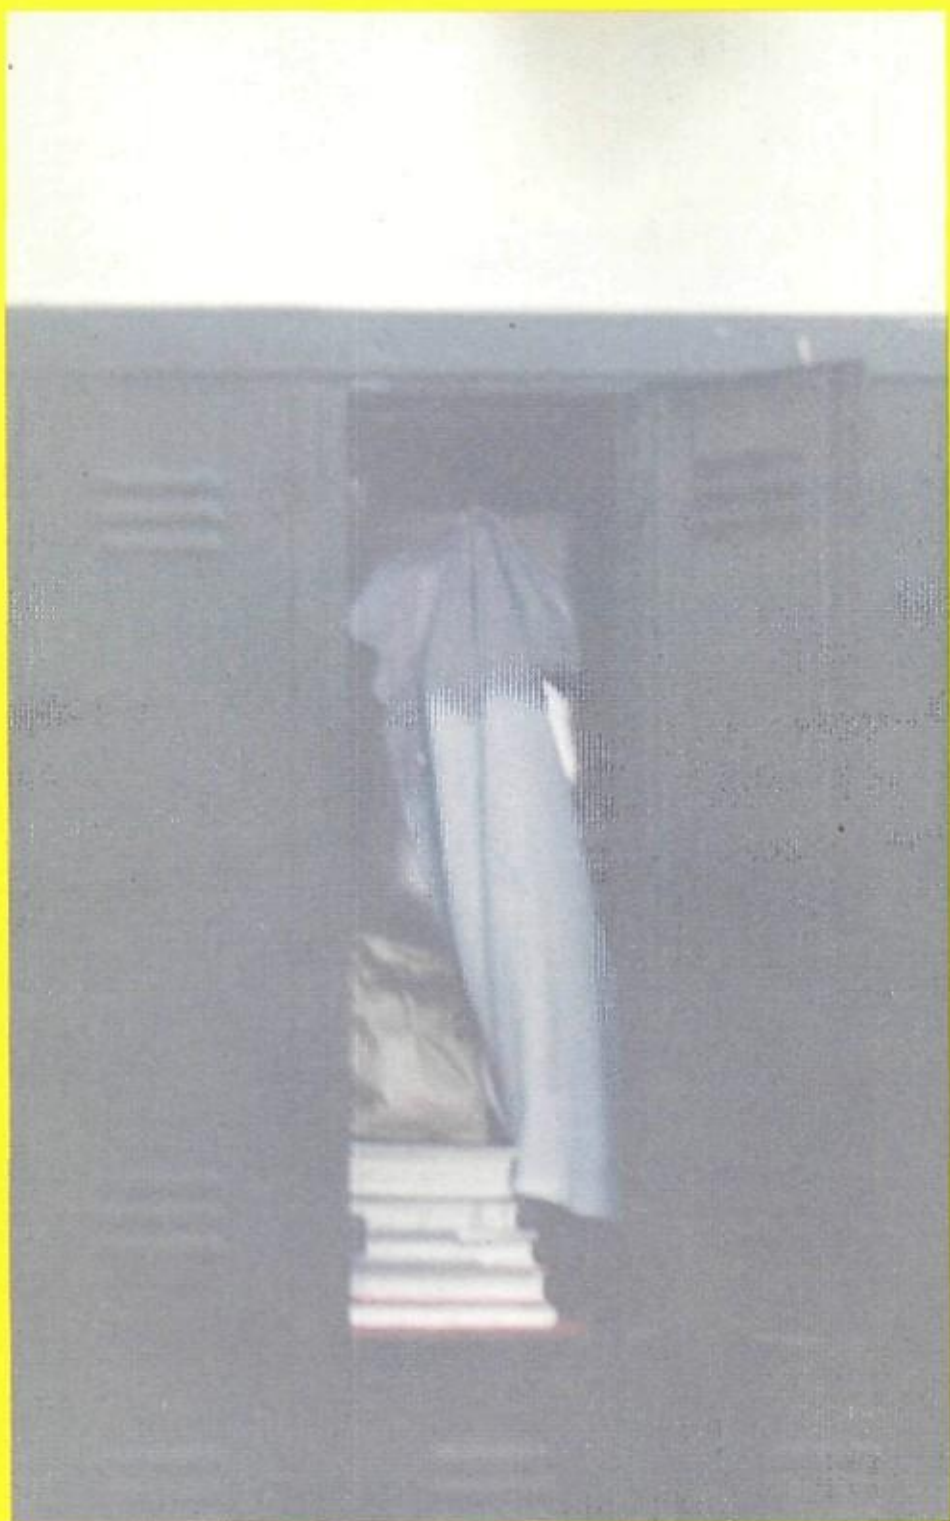

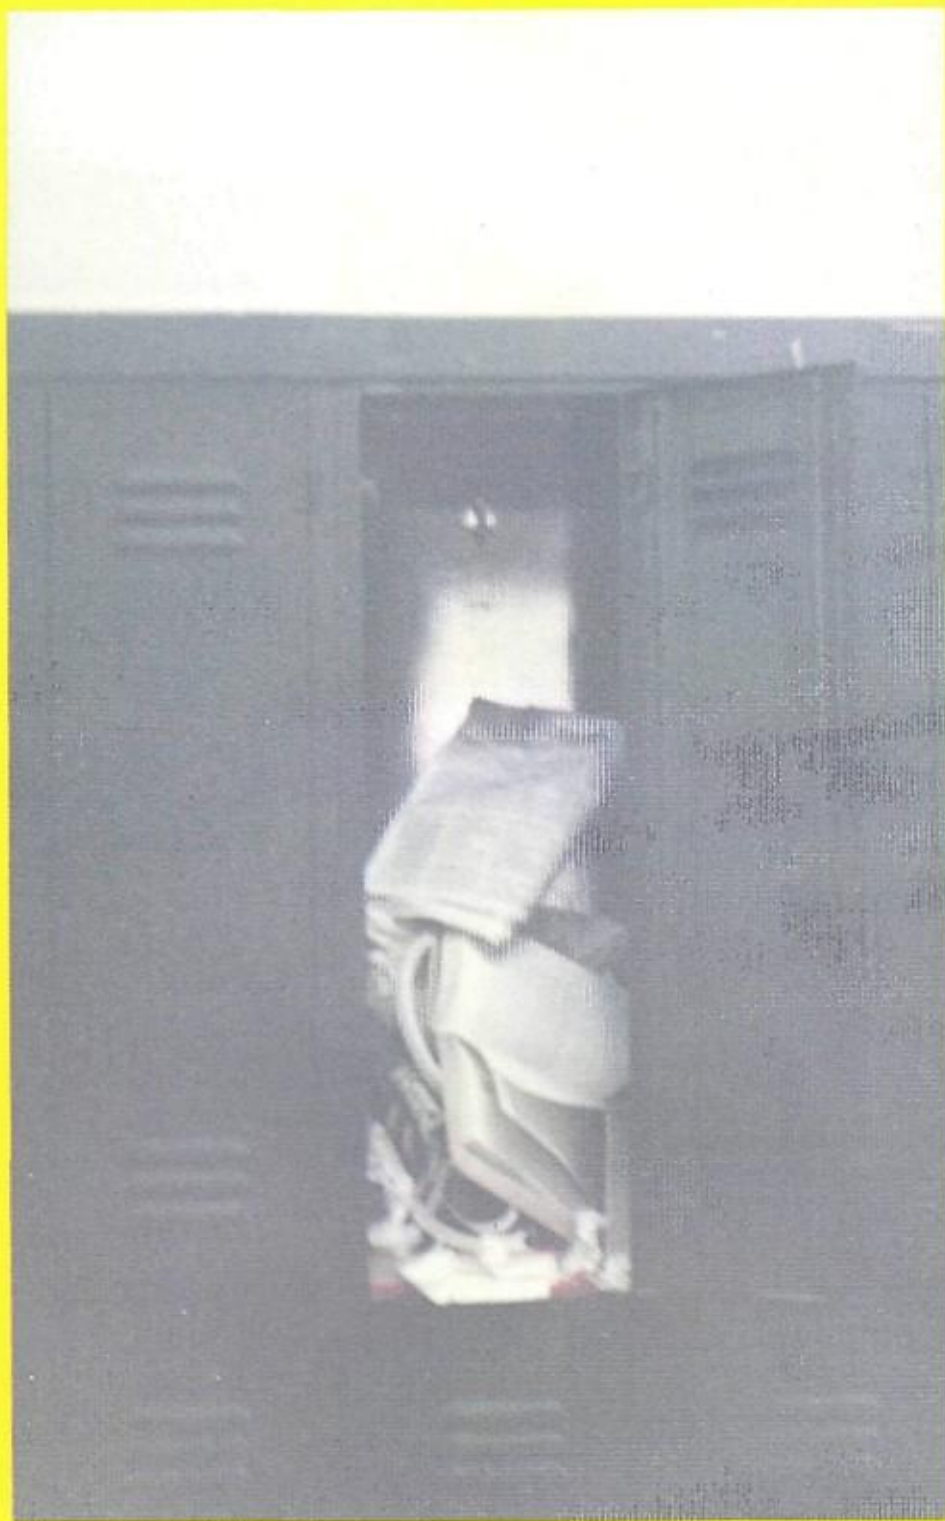

Movin' On. . .

through classes, friendships, and the world itself. We have moved on, we have laughed, dreamed, smiled, loved and then somehow lost everything we had. We realized that we are no longer children, but not yet the men and women we shall become. Everything we have known has slowly faded and come together as a mirage that we call memories. We have wept because somewhere along the way we have lost, yesterday and we are movin' on to an unseen tomorrow.

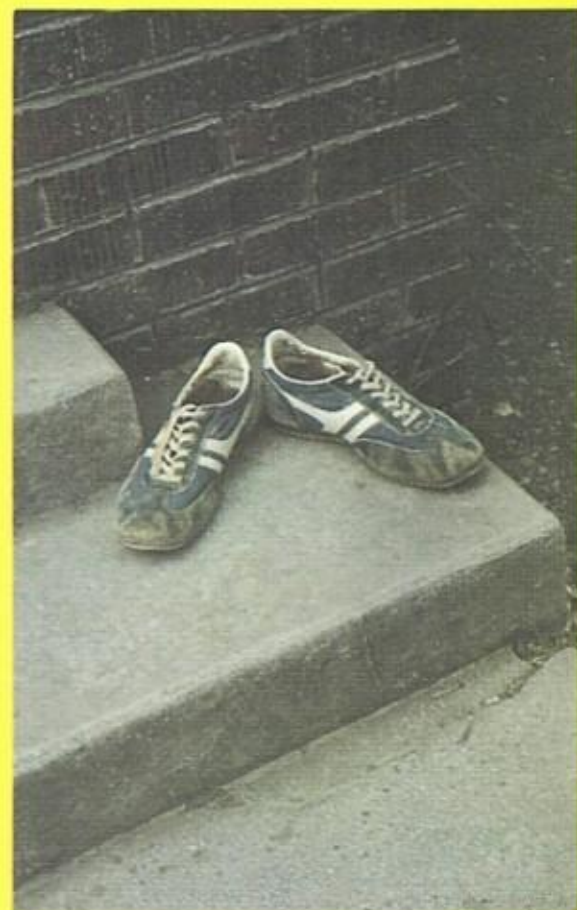

No one can emerge from a school year without being touched and changed by the journey he has made through time, classes, experiences, and the world. The world around us is changed by motion,

activity, and movement. But how has the world changed us in thinking, caring and doing? Through these pages we pause to remember the good times before MOVING ON . . .

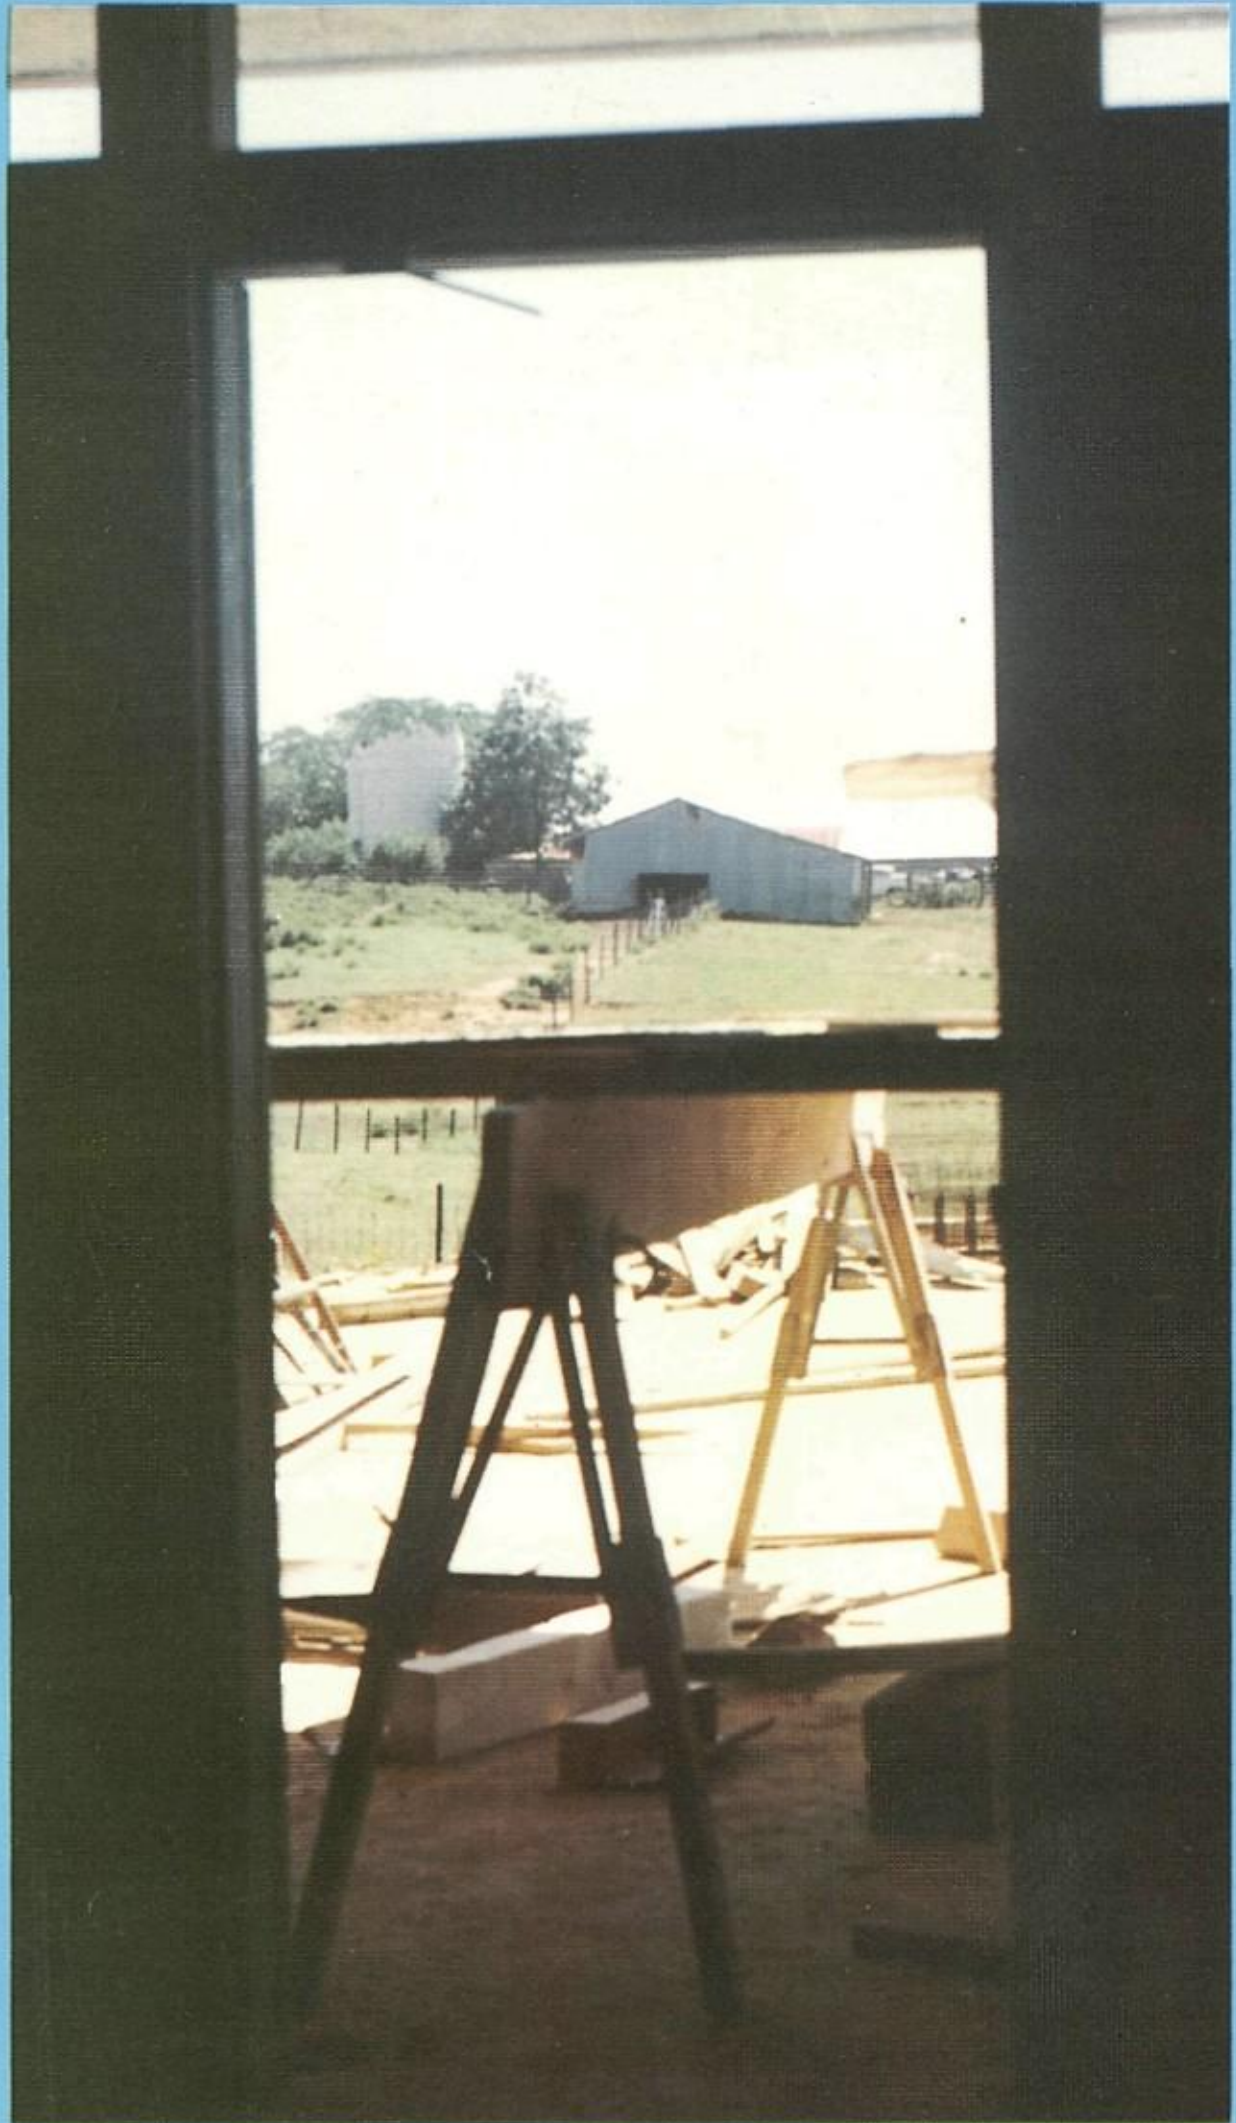

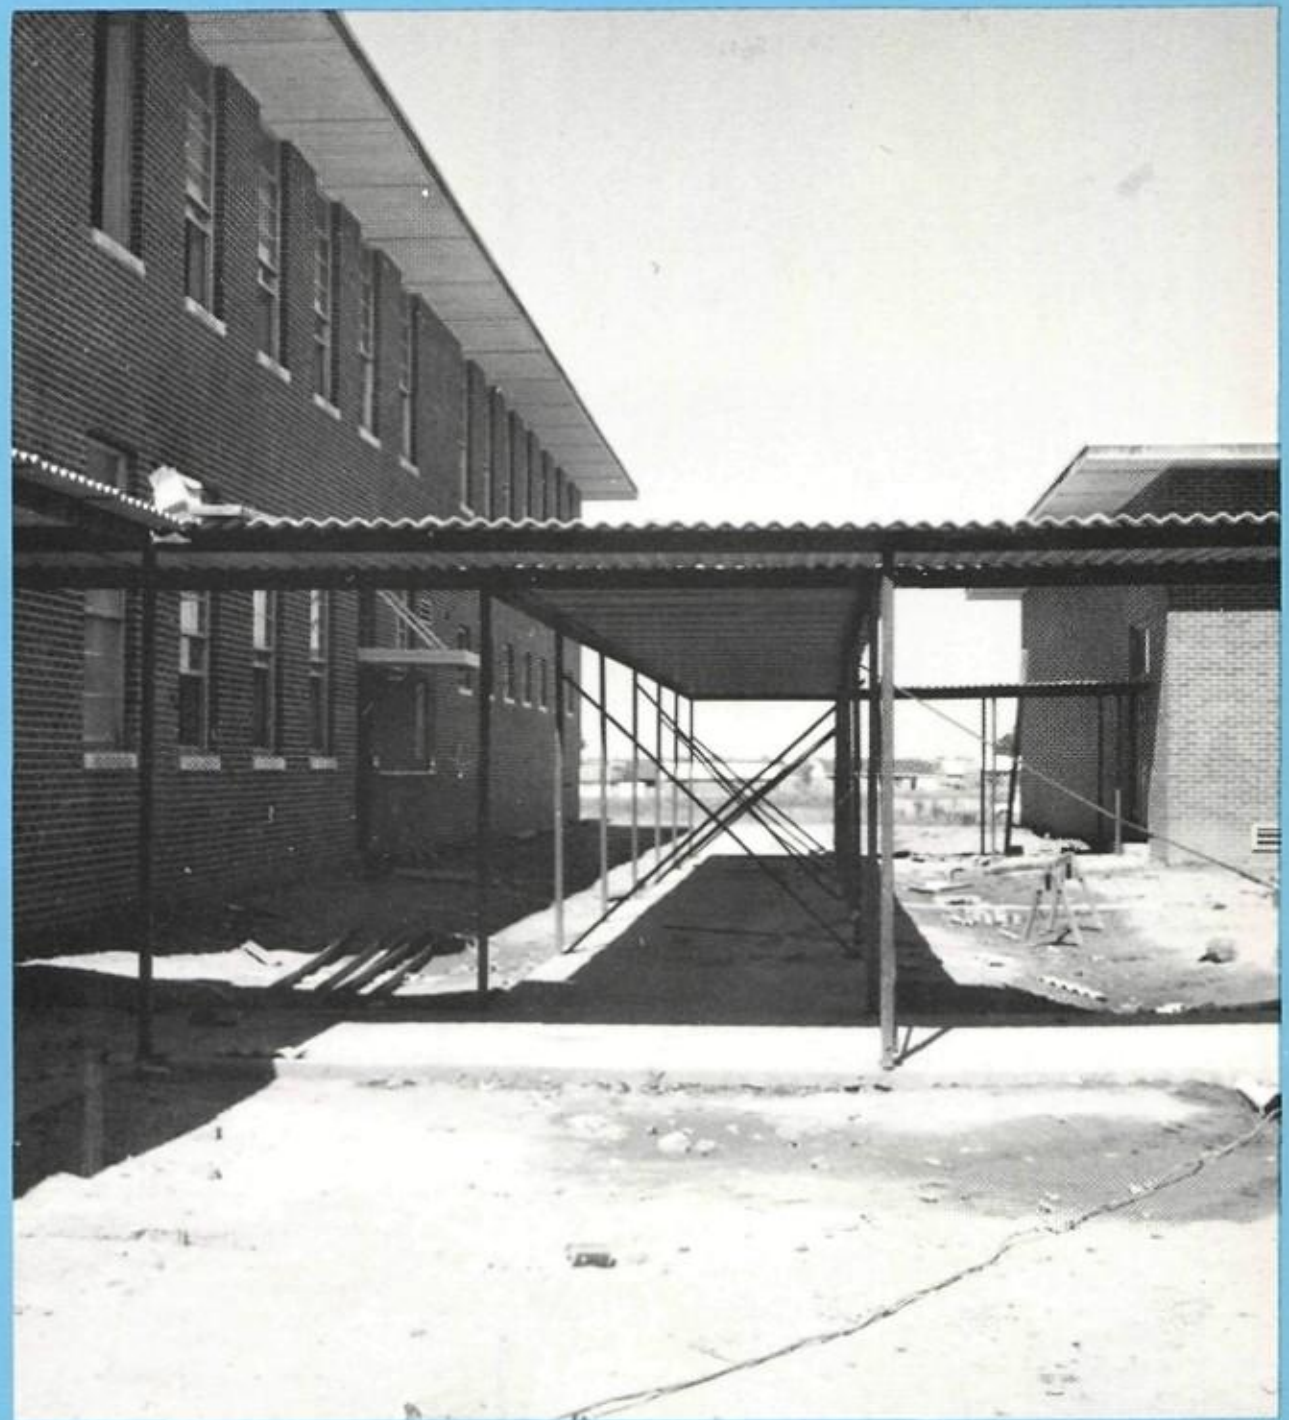

A conscientious and hard-working teacher are two adjectives that can be used to describe her. She shows love and loyalty to both students and faculty, and she is a friend to everyone. She sponsors both Varsity Cheerleaders and F.H.A. For these reasons we proudly dedicate the 1977 Challenge to Mrs. Mary Broadway.

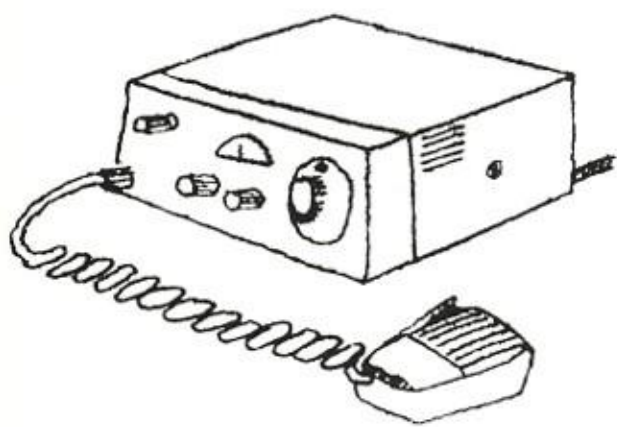

We, the people of HLS, cry, laugh and silently watch something pass and call it ours, carrying with it everyone we knew and those we didn't, weeping for those we could have known, crying for those we should have loved. We look around us

with open eyes and with a conscious stirring comprehend a world of falling stars and fallen dreams. But we look ahead yet never forgetting where we have been, moving on to that something on the other side of the unseen.

A photograph of a small, dark building, possibly a garage or workshop, with a sign that reads "MAY 1968" and "MAY 1968". The building is situated in front of a large, leafy tree. A traffic light is visible in the upper right corner of the image. The foreground shows a paved road.

A tradition is something that is handed down from the past, by our culture or our attitude. Horn Lake has many traditions, some that are noticed and some that are left unnoticed. Each one of us, in our way, makes a tradition at Horn Lake, whether it is being involved in school activities or blowing bubbles in class. Traditions will always exist just as long as Horn Lake and the love of its people are there.

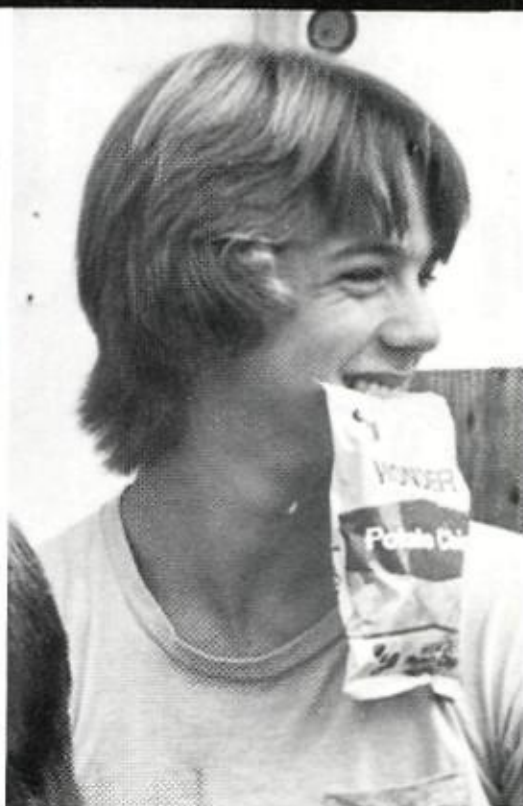

The Value of a Smile

It costs nothing, but creates much.
It enriches those who receive, with impoverishing those who give.
It happens in a flash and the memory of it sometimes lasts forever.
None are so rich they can get along without it, and none so poor but are richer for its benefits.
It creates happiness in the home, fosters goodwill in a business, and is a counter sign of friends.
It is rest to the weary, daylight to the discouraged, sunshine to the sad, and nature's best antidote for trouble.
Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is no earthly good to anybody till it is given away.
If someone is too tired to give you a smile, leave one of yours.
For nobody needs a smile as much as those who have none to give.

SO SMILE

UNKNOWN

SMILE - "A change of facial expression involving a brightening of the eyes and an upward curving of the corners of the mouth with no sound, that may express amusement, pleasure, tender affection, approval, restrained mirth, irony, derision or any other various emotions."

WEBSTERS' DICTIONARY

"Thank God I'm a Country Boy!"

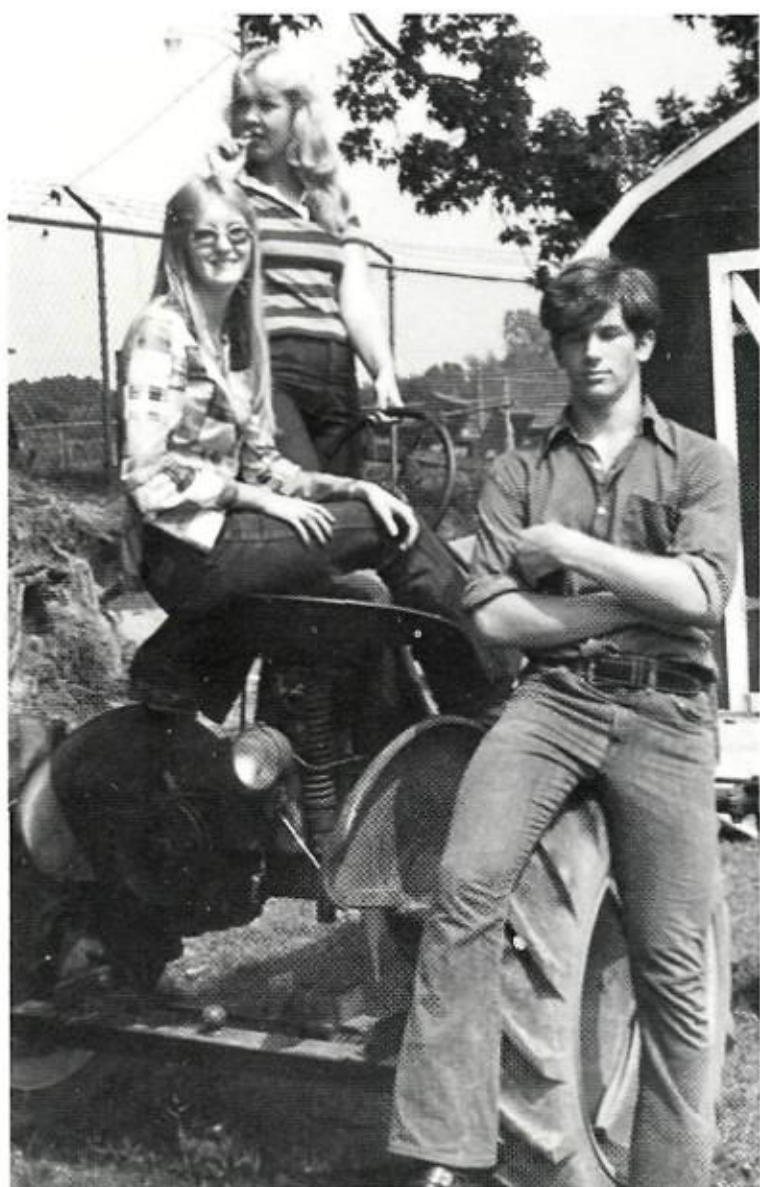

"Well, life on a farm is kind a laid back, ain't much an old country boy like me can't hack. It's early to rise, early in the sack: Thank God I'm a country boy. A simple kinda life never did me no harm, raisin' me a family and workin' on a farm. My days are all filled with an easy country charm. Thank God I'm a country boy.

Well, I got me a fine wife, I got me old fiddle. When the sun's comin' up I got cakes on the griddle; And life ain't nothin' but a funny, funny riddle: Thank God I'm a country boy.

When the work's all done and the sun's settin' low I pull out my fiddle and I rosin up the bow. But the kids are a-sleep so I keep it kinda low: Thank God I'm a country boy. I'd play "Sally Goodin'" all day if I could, but the Lord and my wife wouldn't take it very good. So I fiddle when I can and work when I should: Thank God I'm a country boy.

Well, I got me a fine wife, I got me old fiddle. When the sun's comin' up I got cakes on the griddle; And life ain't nothin' but a funny, funny riddle: Thank God I'm a country boy."

John Denver

Most of us at HLS are just a little bit country. We enjoy the good things in life that bring about happiness and joy to everyone. Being a little bit country brings out our good side and shows everyone what great people we are. Although, Horn Lake is a fast growing city, there is still some quiet country life around us. The Horn Lake area is a great piece of country, and we all should be proud of it.

Think big and your deeds will grow.

Think that you can and you will.
It's all in a state of mind

Why study? Why indeed! When there are more fascinating things to do with your time - like going to a movie, watching Starksy and Hutch re-runs, hunting girls or guys at football games, listing the ingredients of Big Macs (there are seven), or participating in the gathering at Shakey's. And after you've done all those things you go home to relax . . . only to find unopened books staring at you. "Open me or die," they cry with death being synonymous with never going out on Friday nights again or never getting Grandma's graduation gift because you'd never graduate. So, on you go to your books, first determining where you can best concentrate. In a quiet room? (Not without WHBO on the radio.) During lunch? (Okay, but not on a day when hamburgers are being served. Not even graduation is more important than hamburgers.) With your boyfriend or girlfriend? (Well, you could say you were studying.) Once down to serious business of actually doing your homework, you try to decide the easiest and quickest way to get it done. The best way, of course, is to call up a friend who has already done the history assignment and just copy his or her paper. Then you coerce Mother into typing your English paper, while making necessary changes in the name of family pride. That leaves you just enough time to read "The Canterbury Tales, and on a bad night when all else has failed, you actually have to do a little honest work yourself. You are able to tolerate even that until you realize that you are the pawn in a cruel plot to drive you insane. Teachers are actually trying to destroy you by getting together and planning it so that all your tests, projects, notebooks, and papers will be due on the same day of the same week. Well, you decided, you'd show them. You weren't the type to be pushed around like that. You just didn't do any of the work. So there.

Royce Ann Martin

as 1976 Homecoming Queen

Excitement in the air, chilly temperatures, drizzling rain, the cry of victory, and a lovely homecoming court made Homecoming '76 a night to remember. Royce Ann Martin was crowned Homecoming Queen by last year's queen, Kathy Epps. Queen Royce Ann and her court were presented before an appreciative and enthusiastic crowd. The mighty HLS Eagles climaxed the evening by defeating the Hernando Tigers by a score of 20 to 12.

The co-editors are Debbie Hatcher and Ilene Patrick. Carolyn Smith is business manager.

EMERGENCY STUDENT AID ACT

ESAA, Emergency Student Aid Act, is a federally funded special remedial program in reading and mathematics. Our program of ESAA at Horn Lake includes the seventh, eighth, and ninth grades. In mathematics our goal is to reinforce the basic skills of addition, subtraction, multiplication, and division. Our goal in reading is to reinforce phonetic skills and build individual ability in comprehension. Both programs are directed to individual instruction, constantly analyzing each student's weaknesses and strengthening them.

The ESAA advisory committee is made up of three representatives from each program. The six students are responsible to all other ESAA students to broaden their knowledge of things outside the classroom.

This year the committee has had the following functions: a food drive for Thanksgiving, collection of toys and clothing for Christmas, Christmas dramatization of the Christmas story, an exhibit for Black History Week, and an Easter program. All of the functions were very successful.

Varsity Eagles

During the past few months, our athletes have been involved in the great American sport of football. Some players never receive due credit for their part on the team. But true athletes are not interested in personal credit, only that their team win. No player is unimportant. Each and every one has their place to fill, no one else can take your place. If we do not assume our responsibility, the team is weakened.

Hard work is required to achieve a strong successful team. The greatest achievements being self-discipline and team discipline. Some players are very interested in football, some are not. Many young men who could develop into great players are not interested in the game at all. Some, probably, are not interested because of the

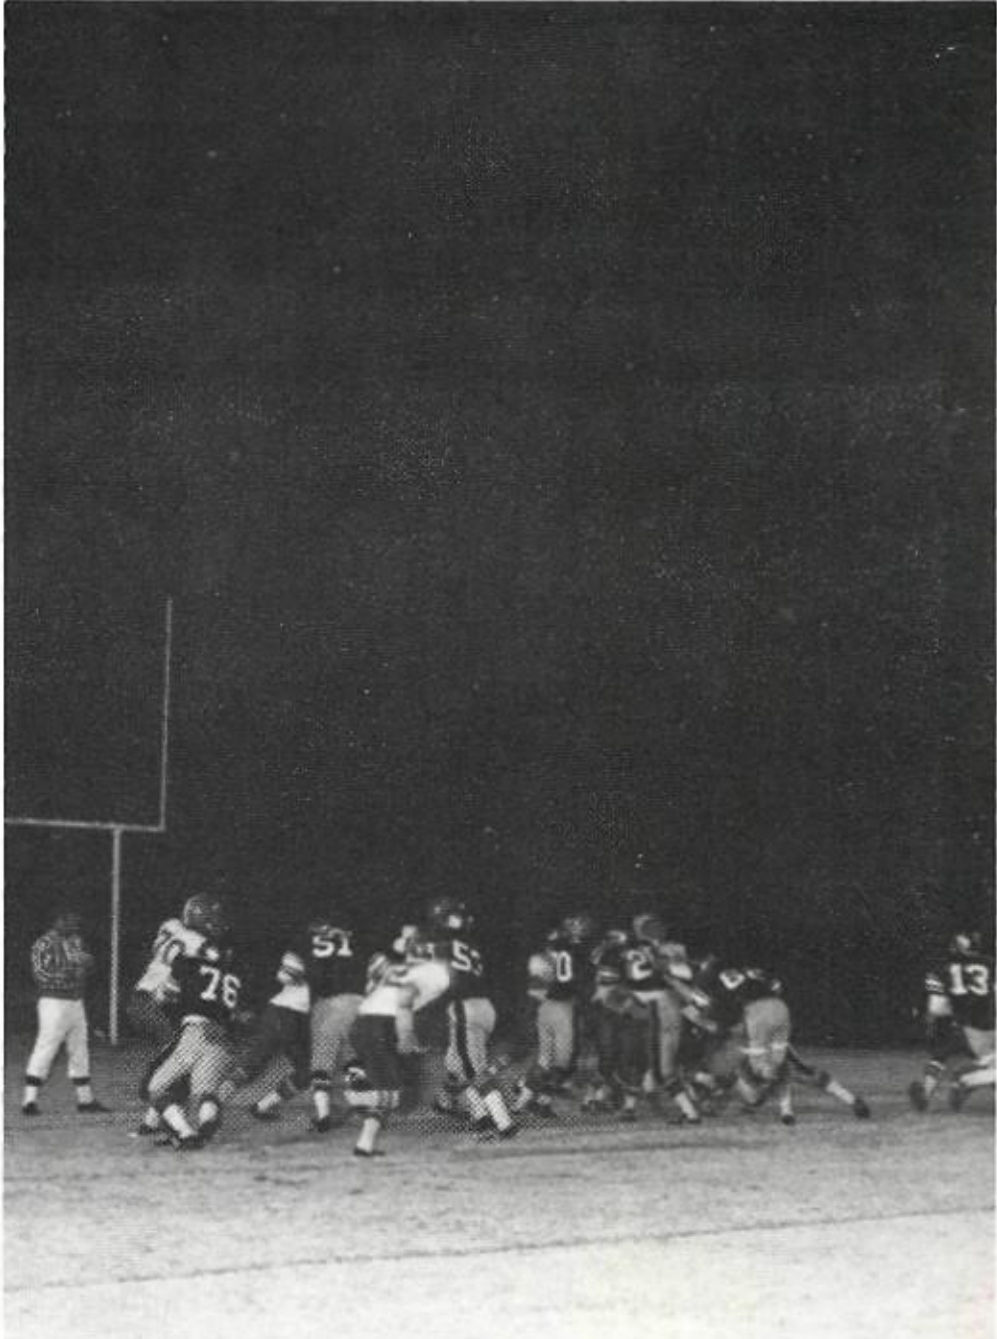

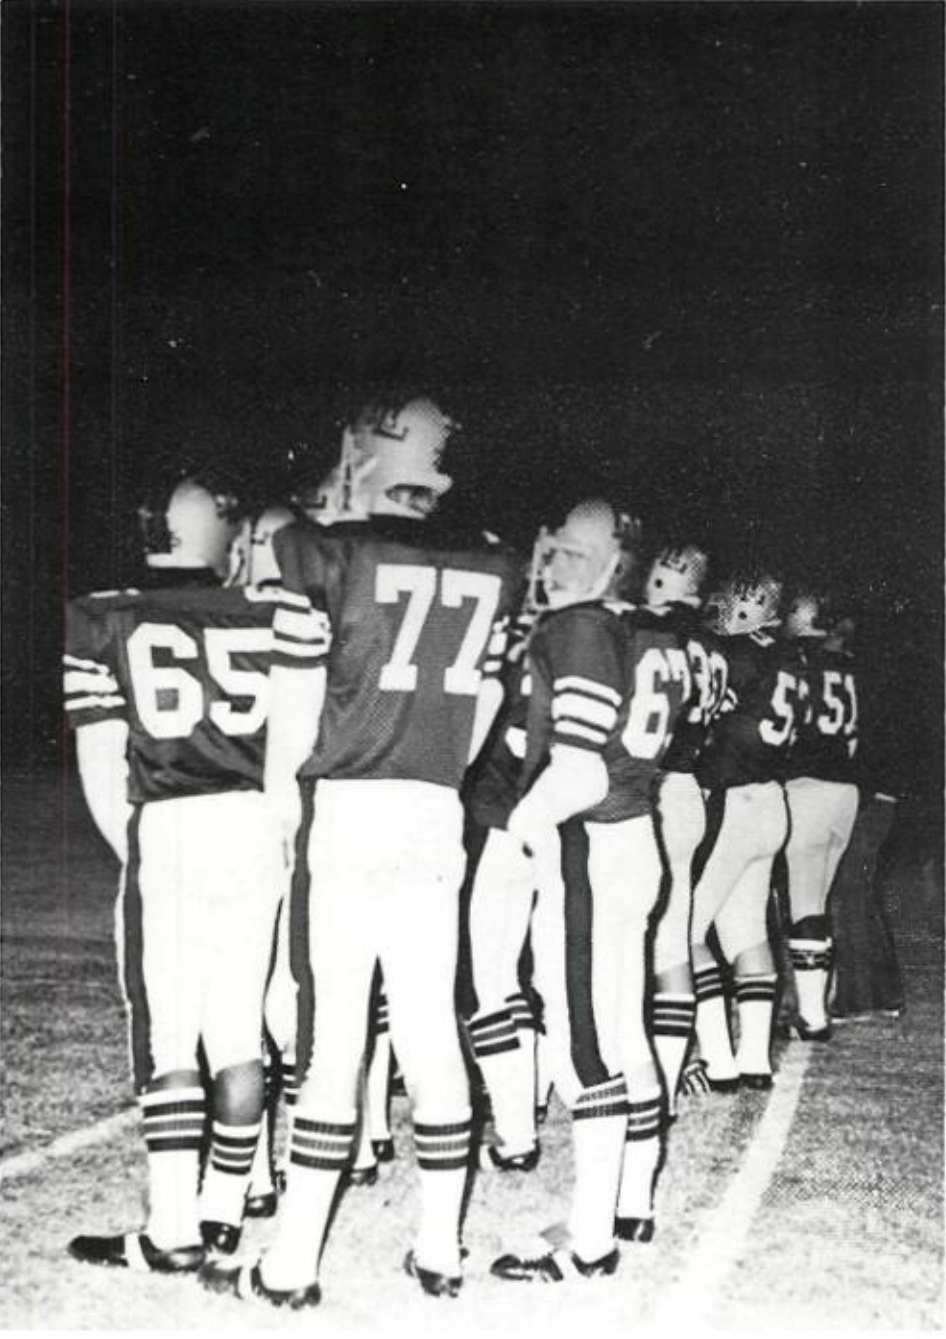

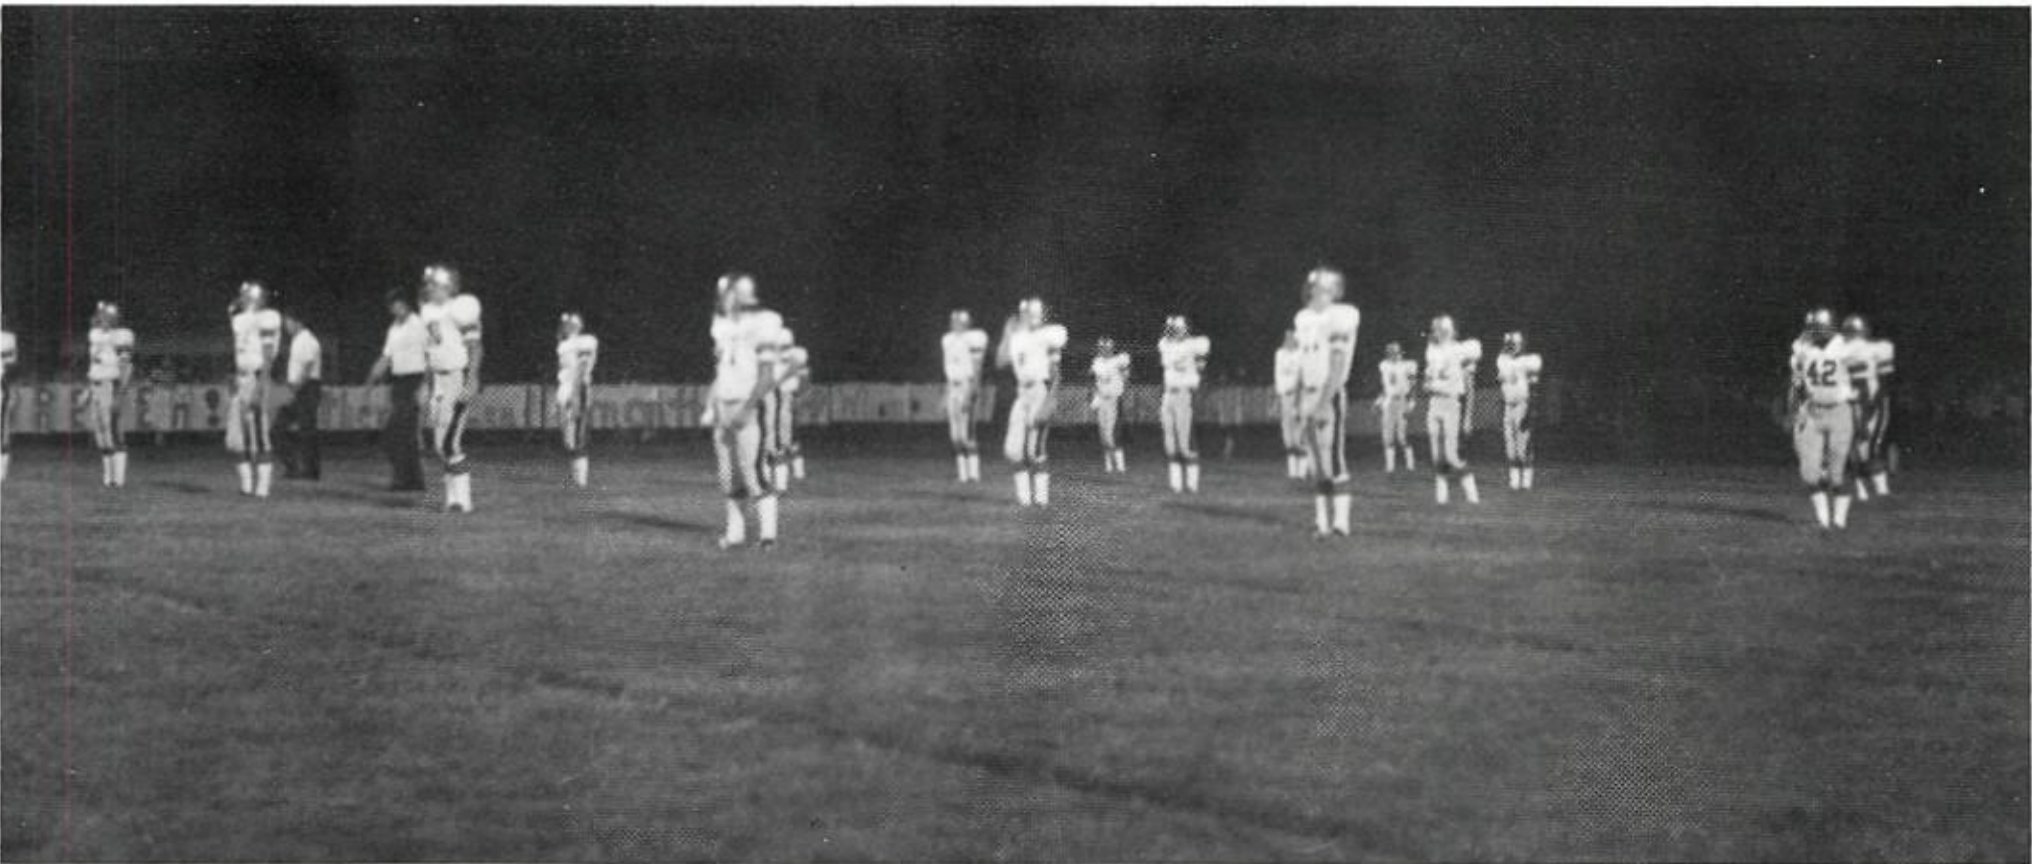

price that has to be paid to become a good player. To the twenty-five, who were interested, there is deep satisfaction in working together to be a great team and need not be ashamed - win or lose.

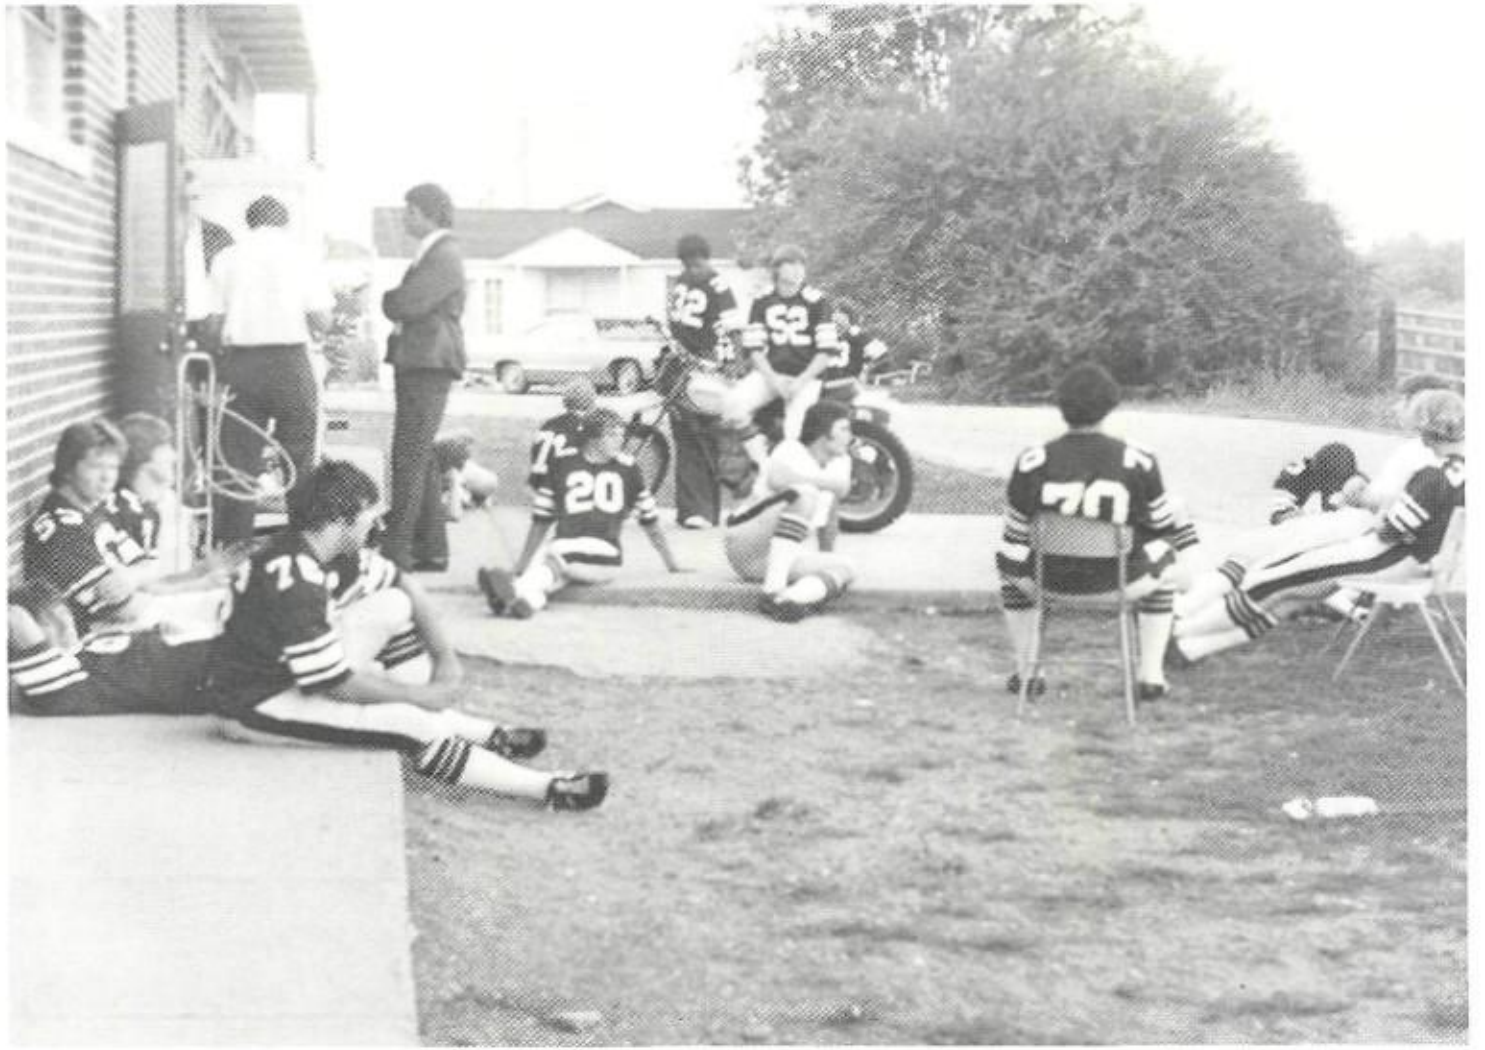

Everyone can usually do the big things successfully. But the champions are the ones who do the little things well. This involves a player's training program, his relationship with his family, teammates, teachers, and coaches. Basically, it involves being the right sort of person in every possible way. This makes a coach realize that the great opportunity to teach athletes how to "live a life" instead of how to make a living can never be wasted.

Eagles Fight for Victory

Football is one of the more popular sports in the world today. It provides the excitement and entertainment one needs in his life in today's world.

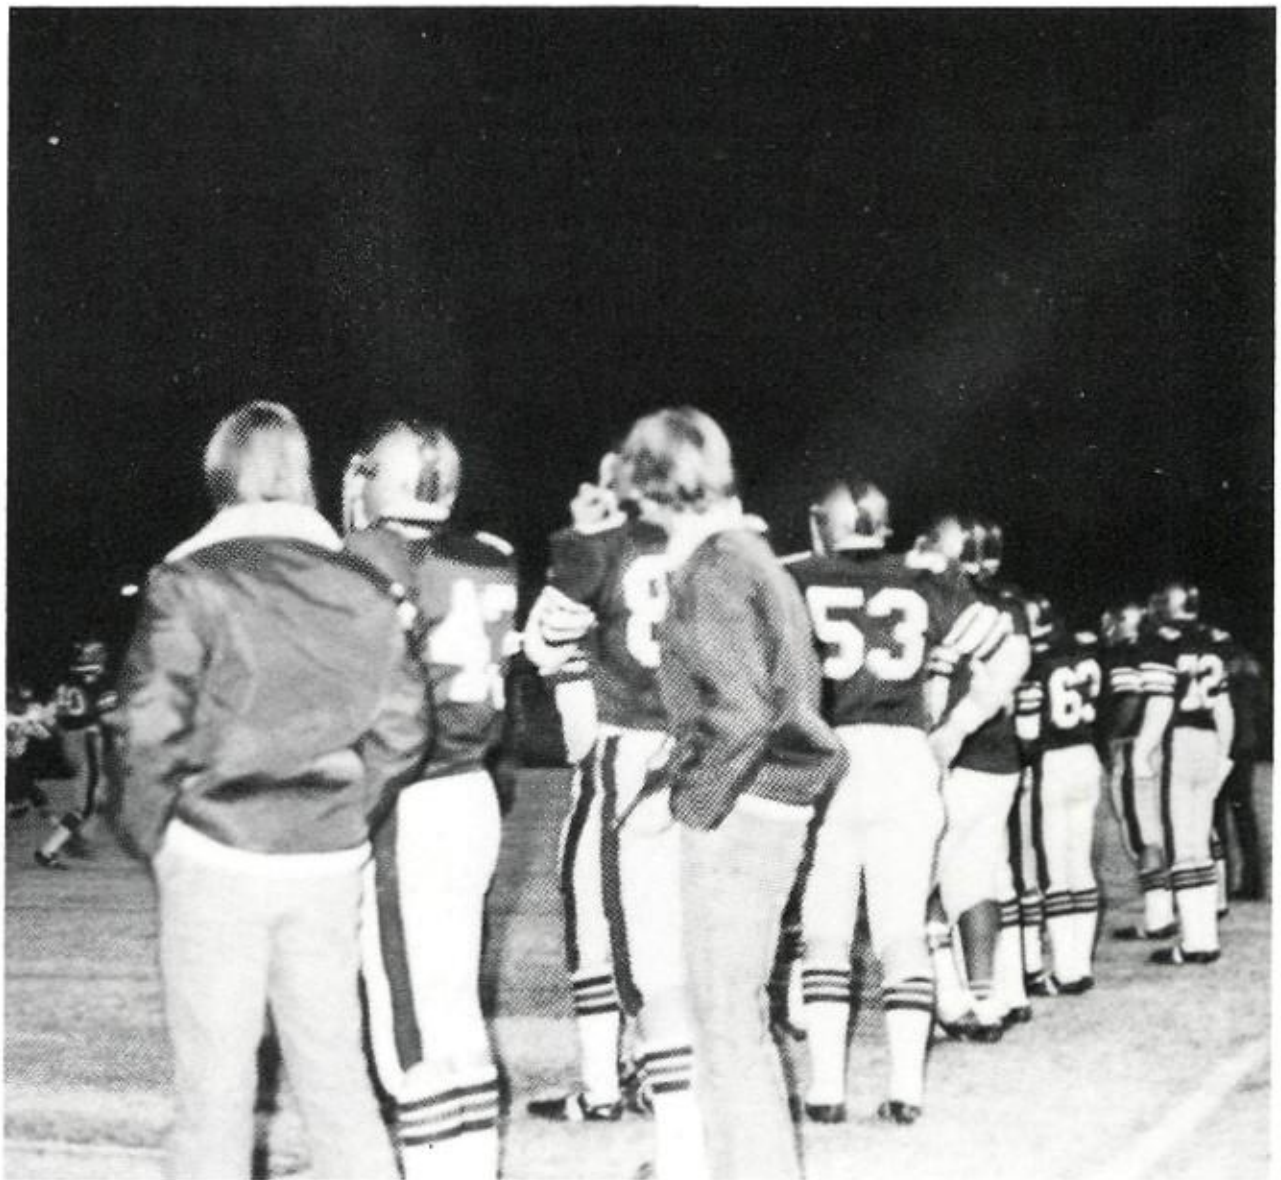

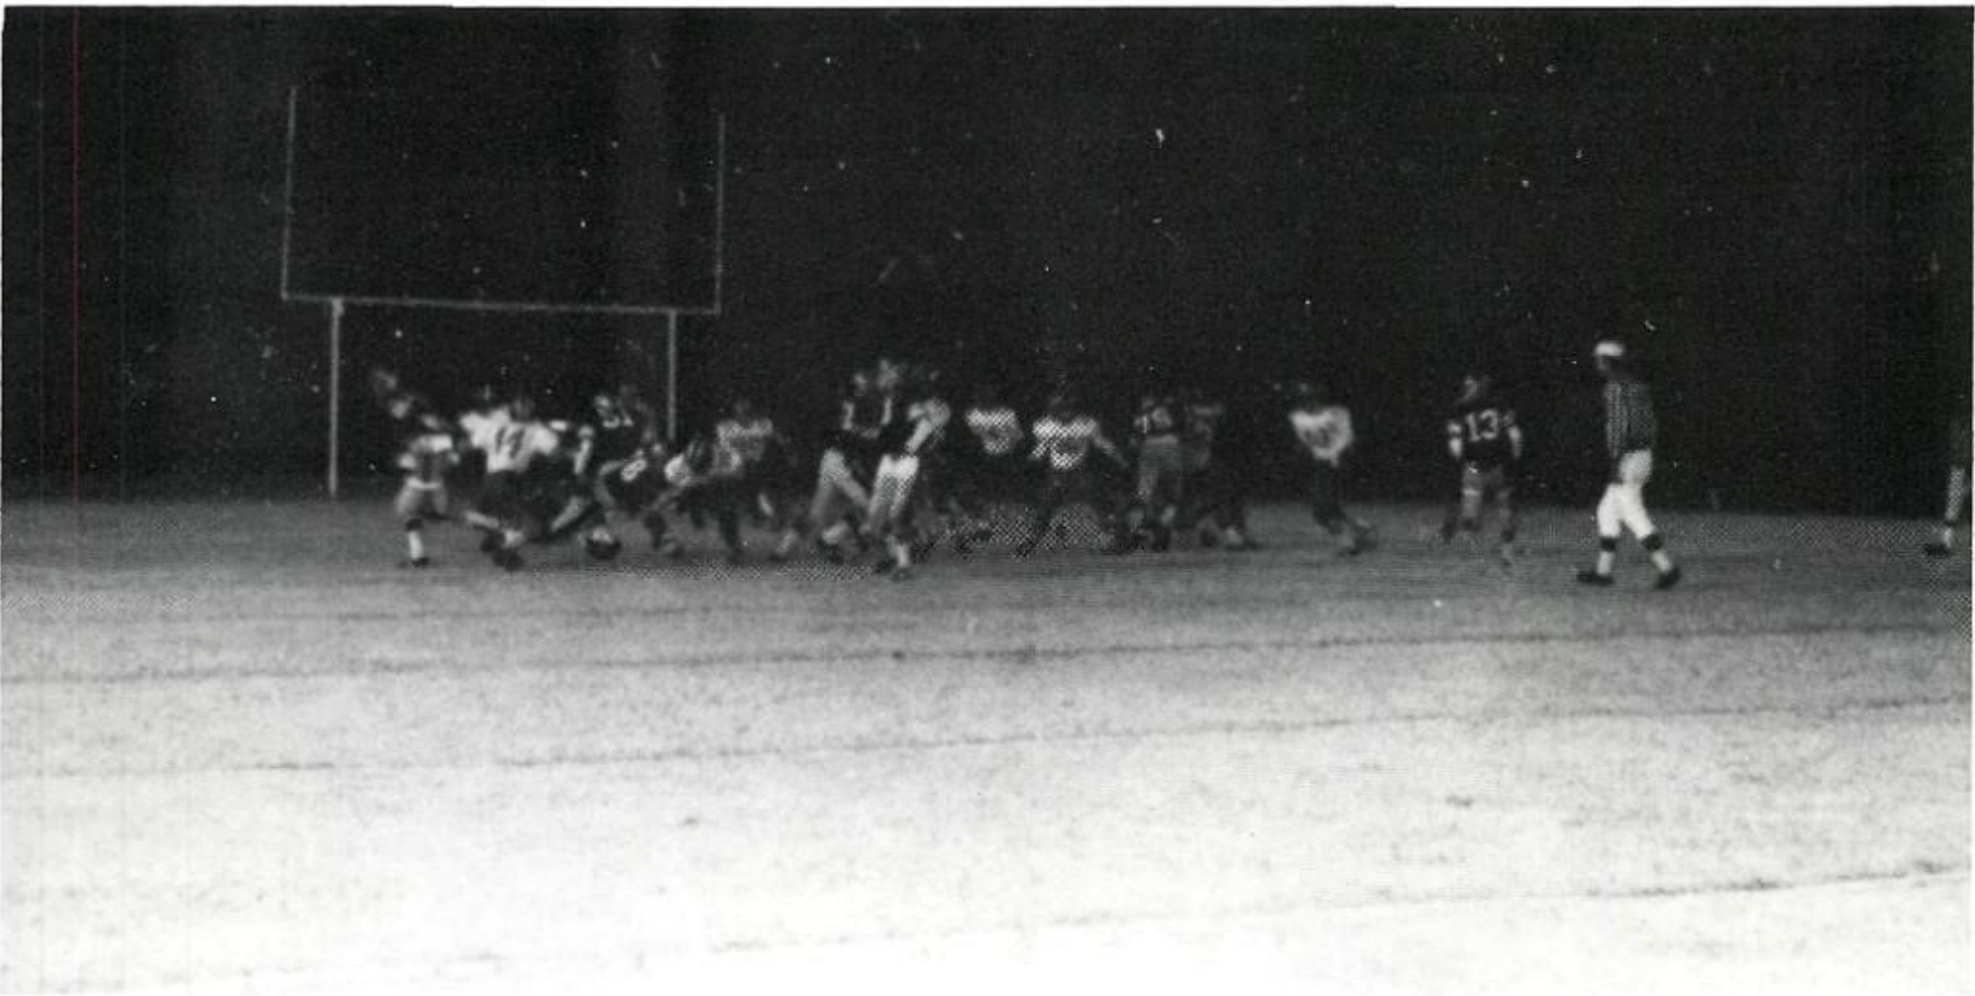

Horn Lake is a school that has long had a tradition of good football. The past four years the records haven't been too good, but there was still plenty of good football being played on the Horn Lake field.

There is always some good in every situation and

there has been much good come from this past 2-8 season. The Juniors gained much experience at being leaders of next year's teams because there were only 25 men on our team.

As we the Seniors leave this school, we make a prediction that Horn Lake will again rise to be a football power under the leadership of Coach Thomas Malone.

HORN LAKE GIRLS

The 1976-77 season has been one of steady improvement. Losing heavily to graduation the girls started the season with a very inexperienced team. Making many mistakes along the course of the season but also gaining valuable playing experience, the girls seemed to put things together after the Christmas break, beating teams that had beaten them earlier in the season. The major accomplishments were winning the sub-District Tournament and qualifying for the North Mississippi playoffs.

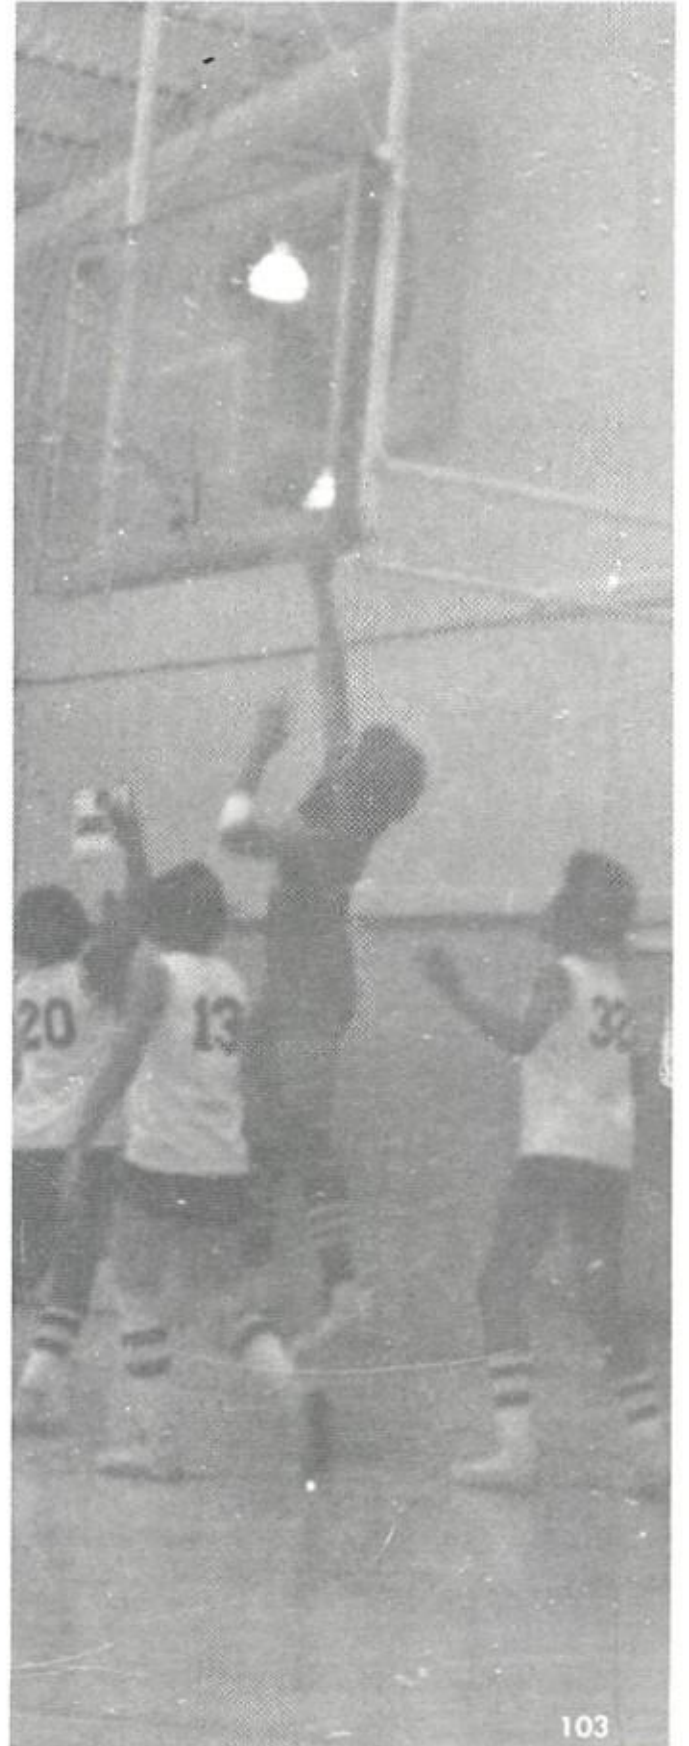

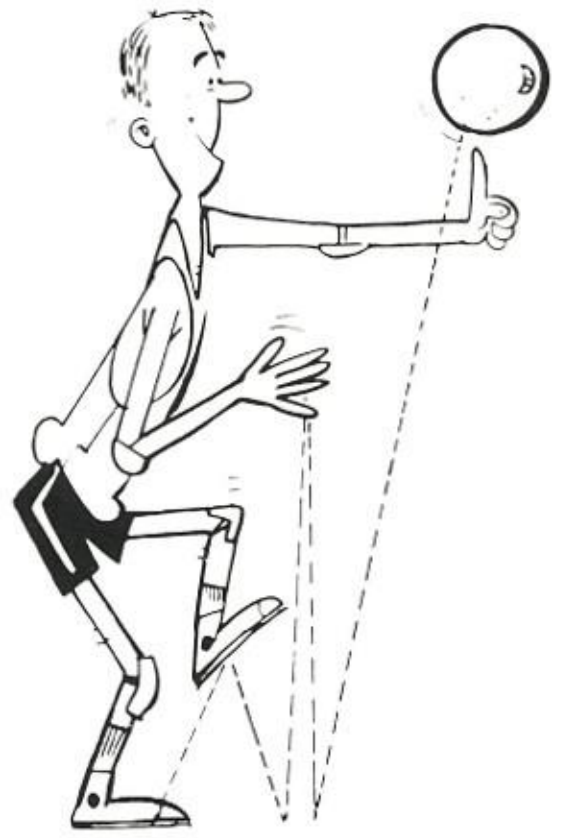

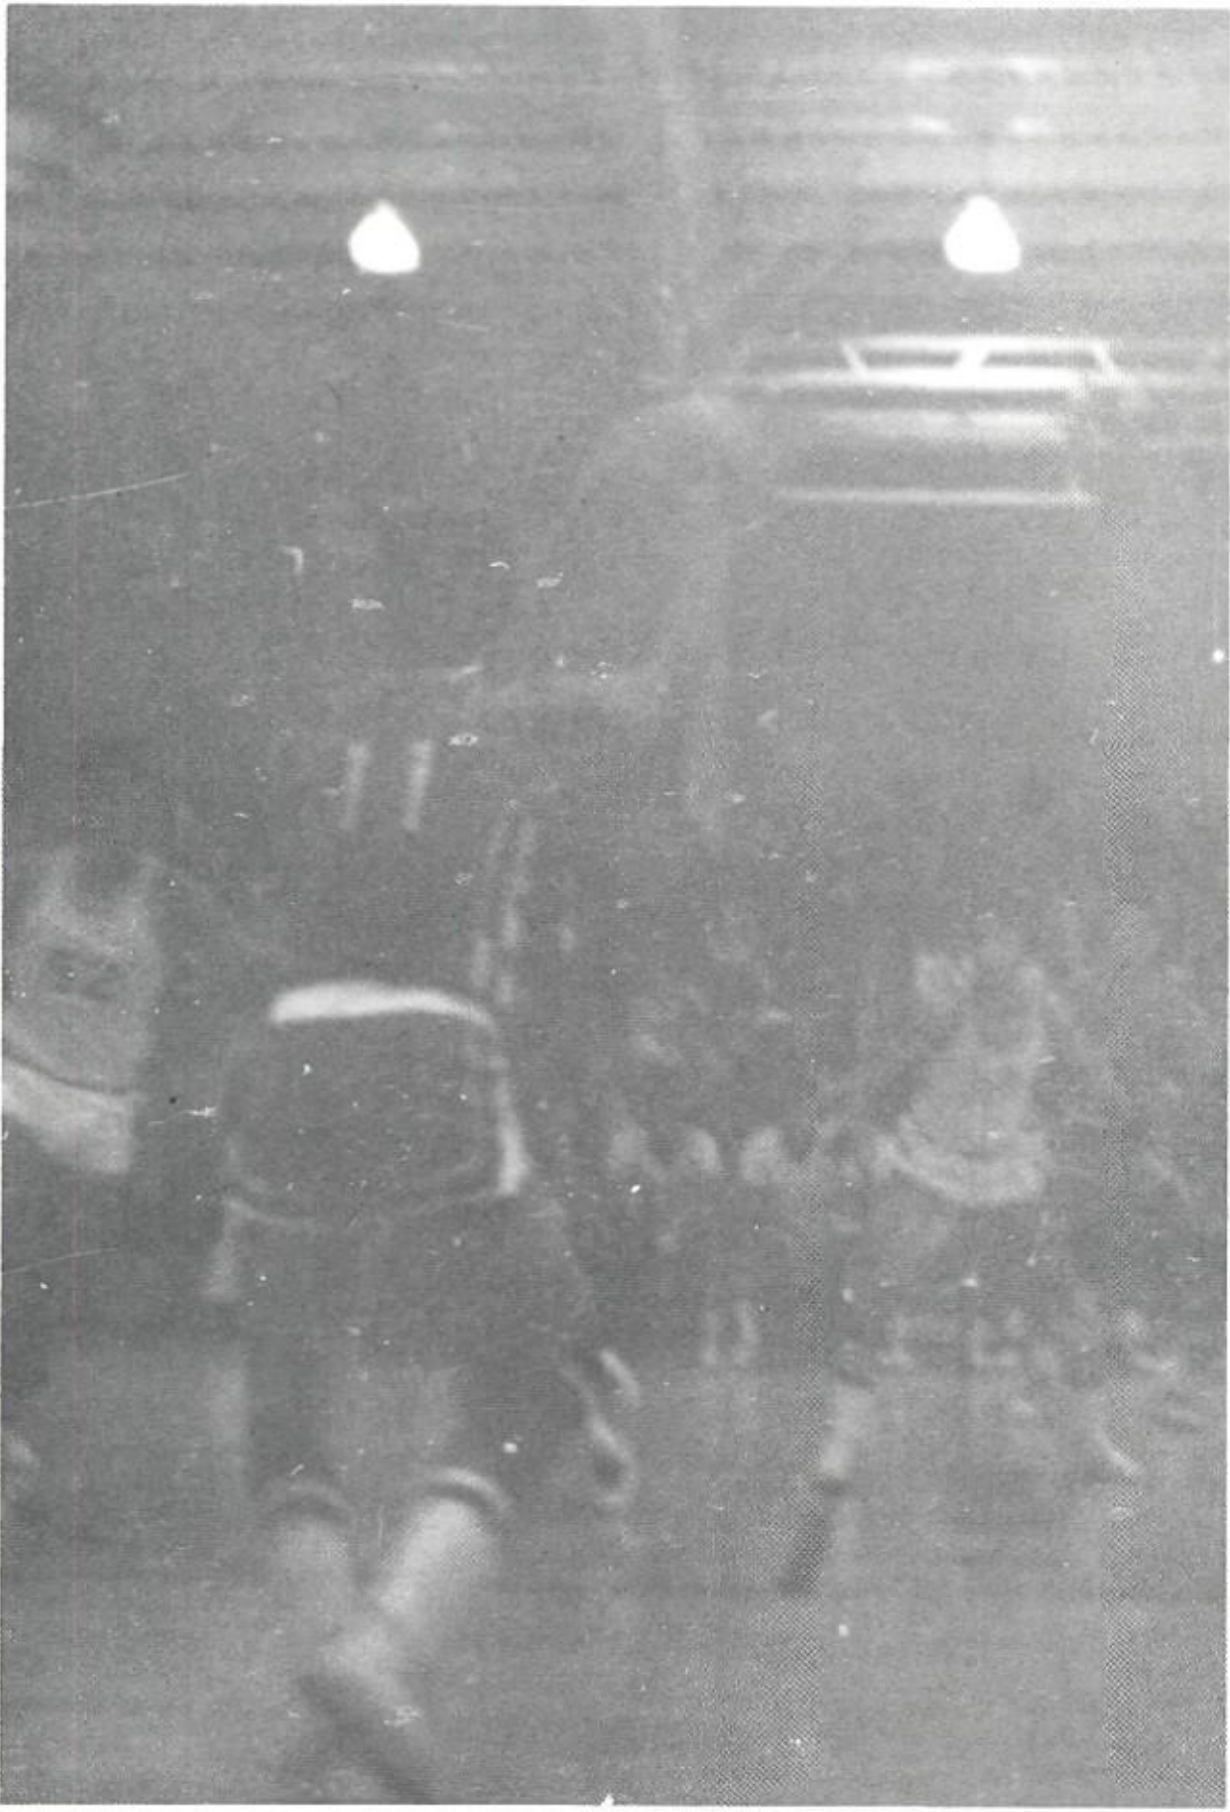

HORN LAKE BOYS

The 1976-77 season has been an exciting year for the boys' basketball team. It has been the year for close ball games. The Eagles won many come-from-behind ball games, some on last second shots, in their bid for the state playoffs. Players of varying sizes and abilities blended their talents together in the framework of a team to make the '76-'77 season one of the most successful in many years.

Tennis '76

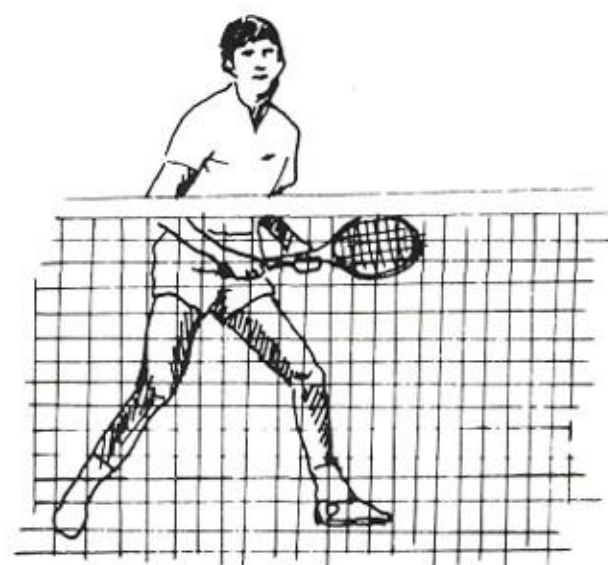

One of the lesser known sports here at Horn Lake, but by no means less challenging is tennis. Being one of the smaller teams at school, it shares little of the prestige and glory of some of the larger sports,

but the enthusiasm of the players well makes up for this. A challenging part of the game is that tennis is more of an individual sport than football or baseball and exerts more pressure on the individual player and requires dedication to the game.

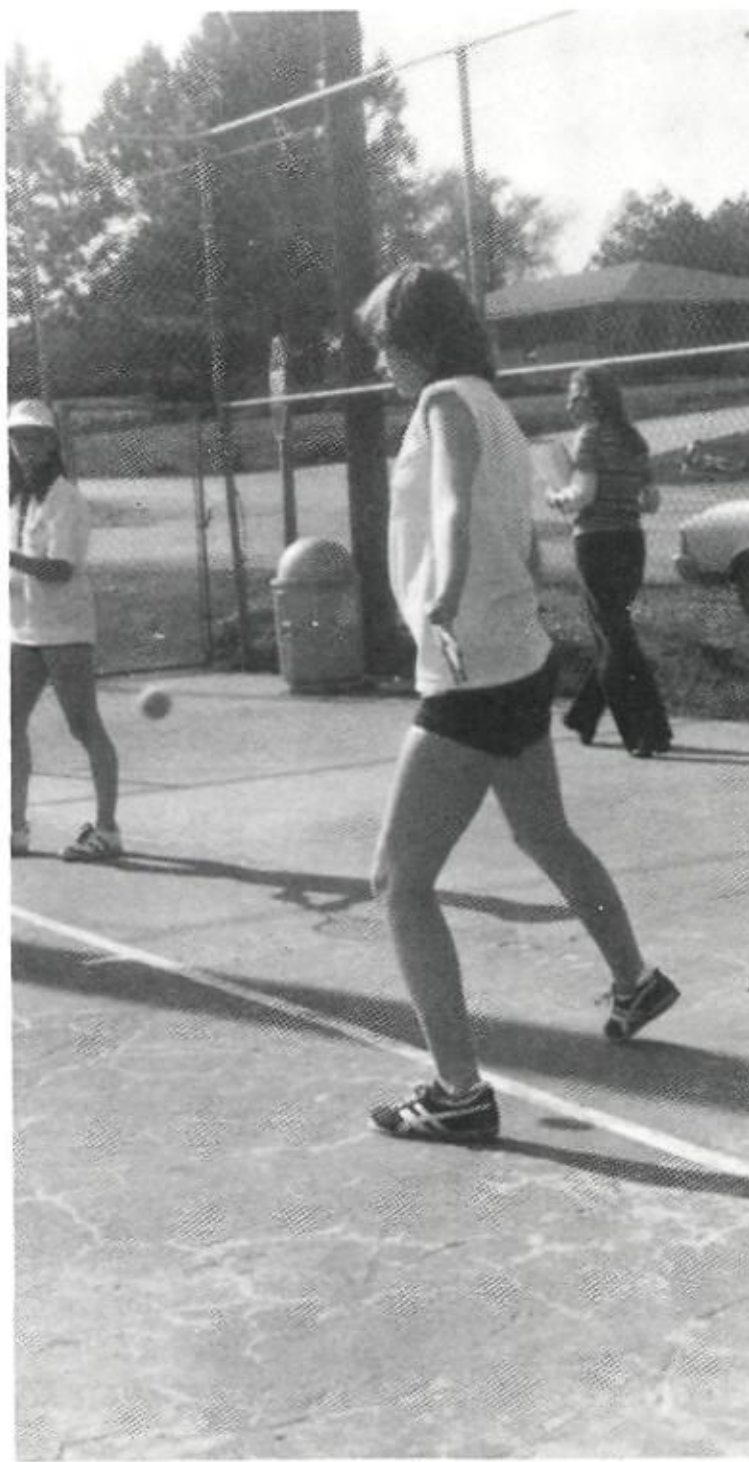

This year's tennis team was relatively young and consisted of several new members, but where their experience stopped, their eagerness to play started. Horn Lake was one of the least experienced teams of the region but did well at the District games. Small but mighty, it successfully showed its desire for a piece of the glory and upheld the Horn Lake tradition of winning.

"Today Is My Beginning"

Today is to my past

A day of ending,

But for the rest of my life

Today is my beginning.

What though my past is
marred,

Or my task unfinished?

Today I'll start all over

With a future
unblemished.

Today I change my pace

From failure to winning.

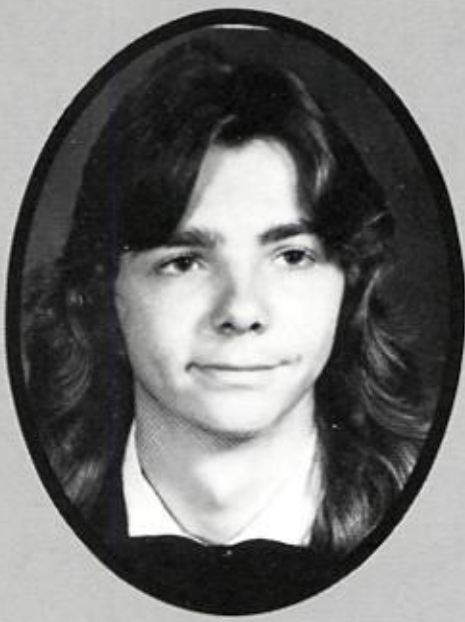

Because to the rest of my
life,

Today is my beginning.

It is time . . .

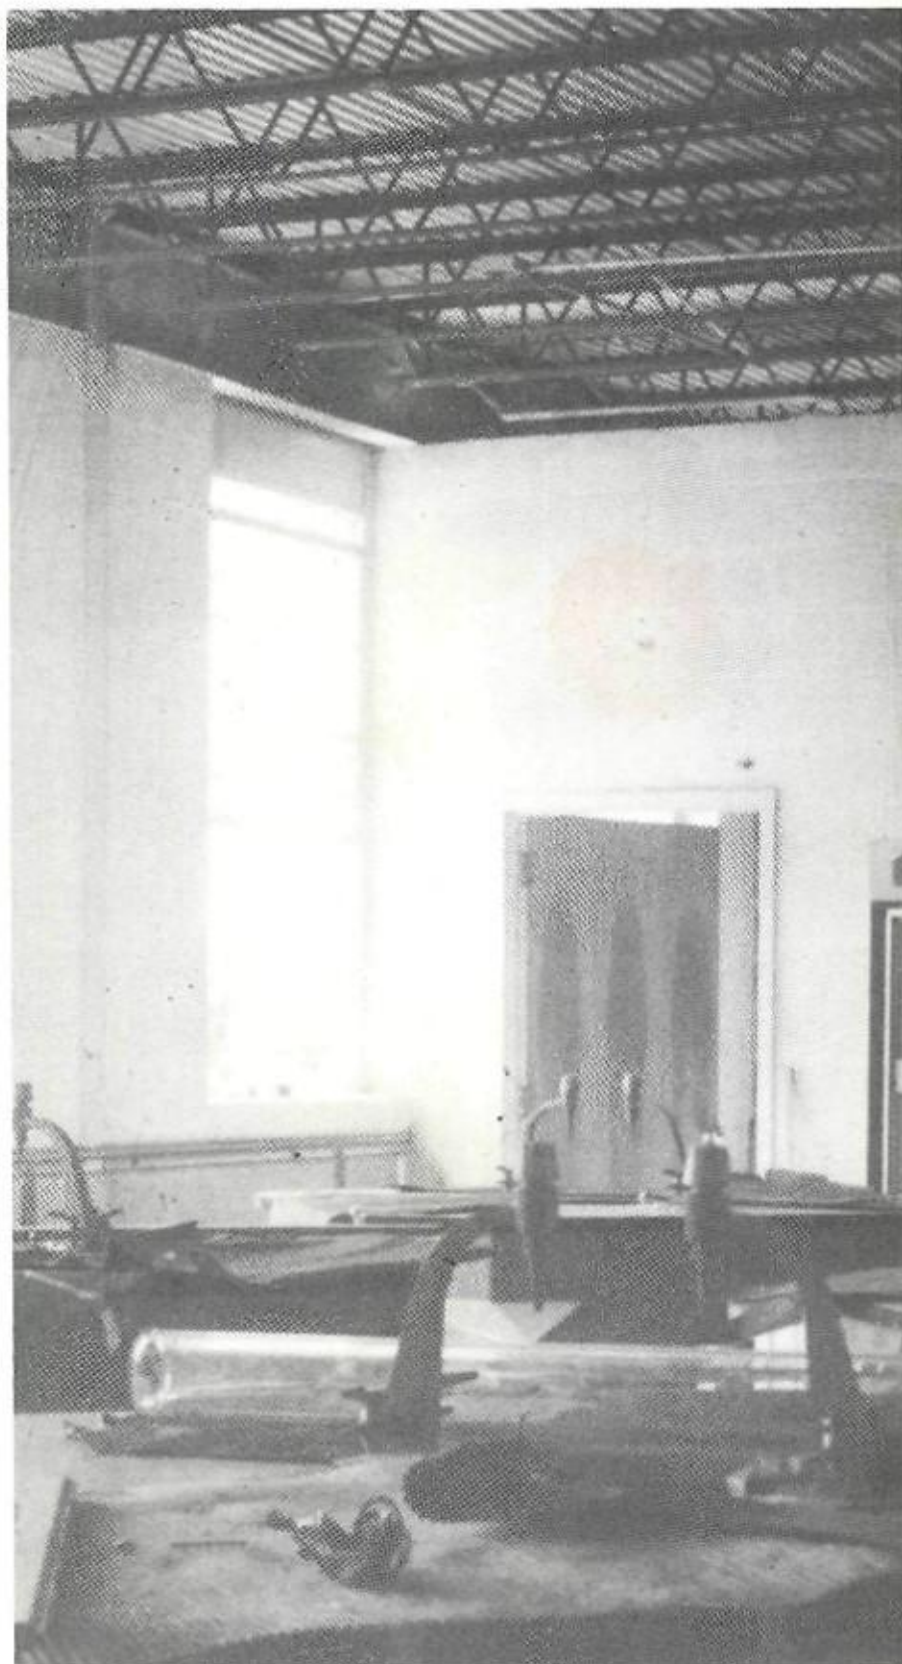

. . . to move on

Sitting outside on a cold October day,
 I've noticed there is a sense of chill in
 everyone's way.
 You know I really hate to see this year go by
 so fast,
 Because I know when this one's over it'll be
 the last.
 Some of the friends I've made over the
 years,
 I'll never see again . . .
 It makes me hope and wish that this year
 will never end.
 I think about when I walk across the stage
 and Mr. Johnston shakes my hand,
 I'll have to give up my crazy ways and then
 become a man!
 There have been so many teachers that have
 helped me through the years.
 Just to think about my friends and foes makes
 me want to stay . . .
 I guess I'll forget it all for now on this cold
 October day.

Mike Ramage

It is time for us to move on. As we leave, we will take the many memories of our high school years with us. All of the friendships that were made will always be cherished in our hearts. We hope, that as you go through your remaining years of high school, that you will cherish each moment. Take advantage of that time and keep Horn Lake High School a place that we can all be proud of in the years to come.

SENIORS OF 1977

Time changes so many things, but the memories that are kept within the heart can never be changed. Through this book, memories have been captured in the hopes that they will never be changed through time.

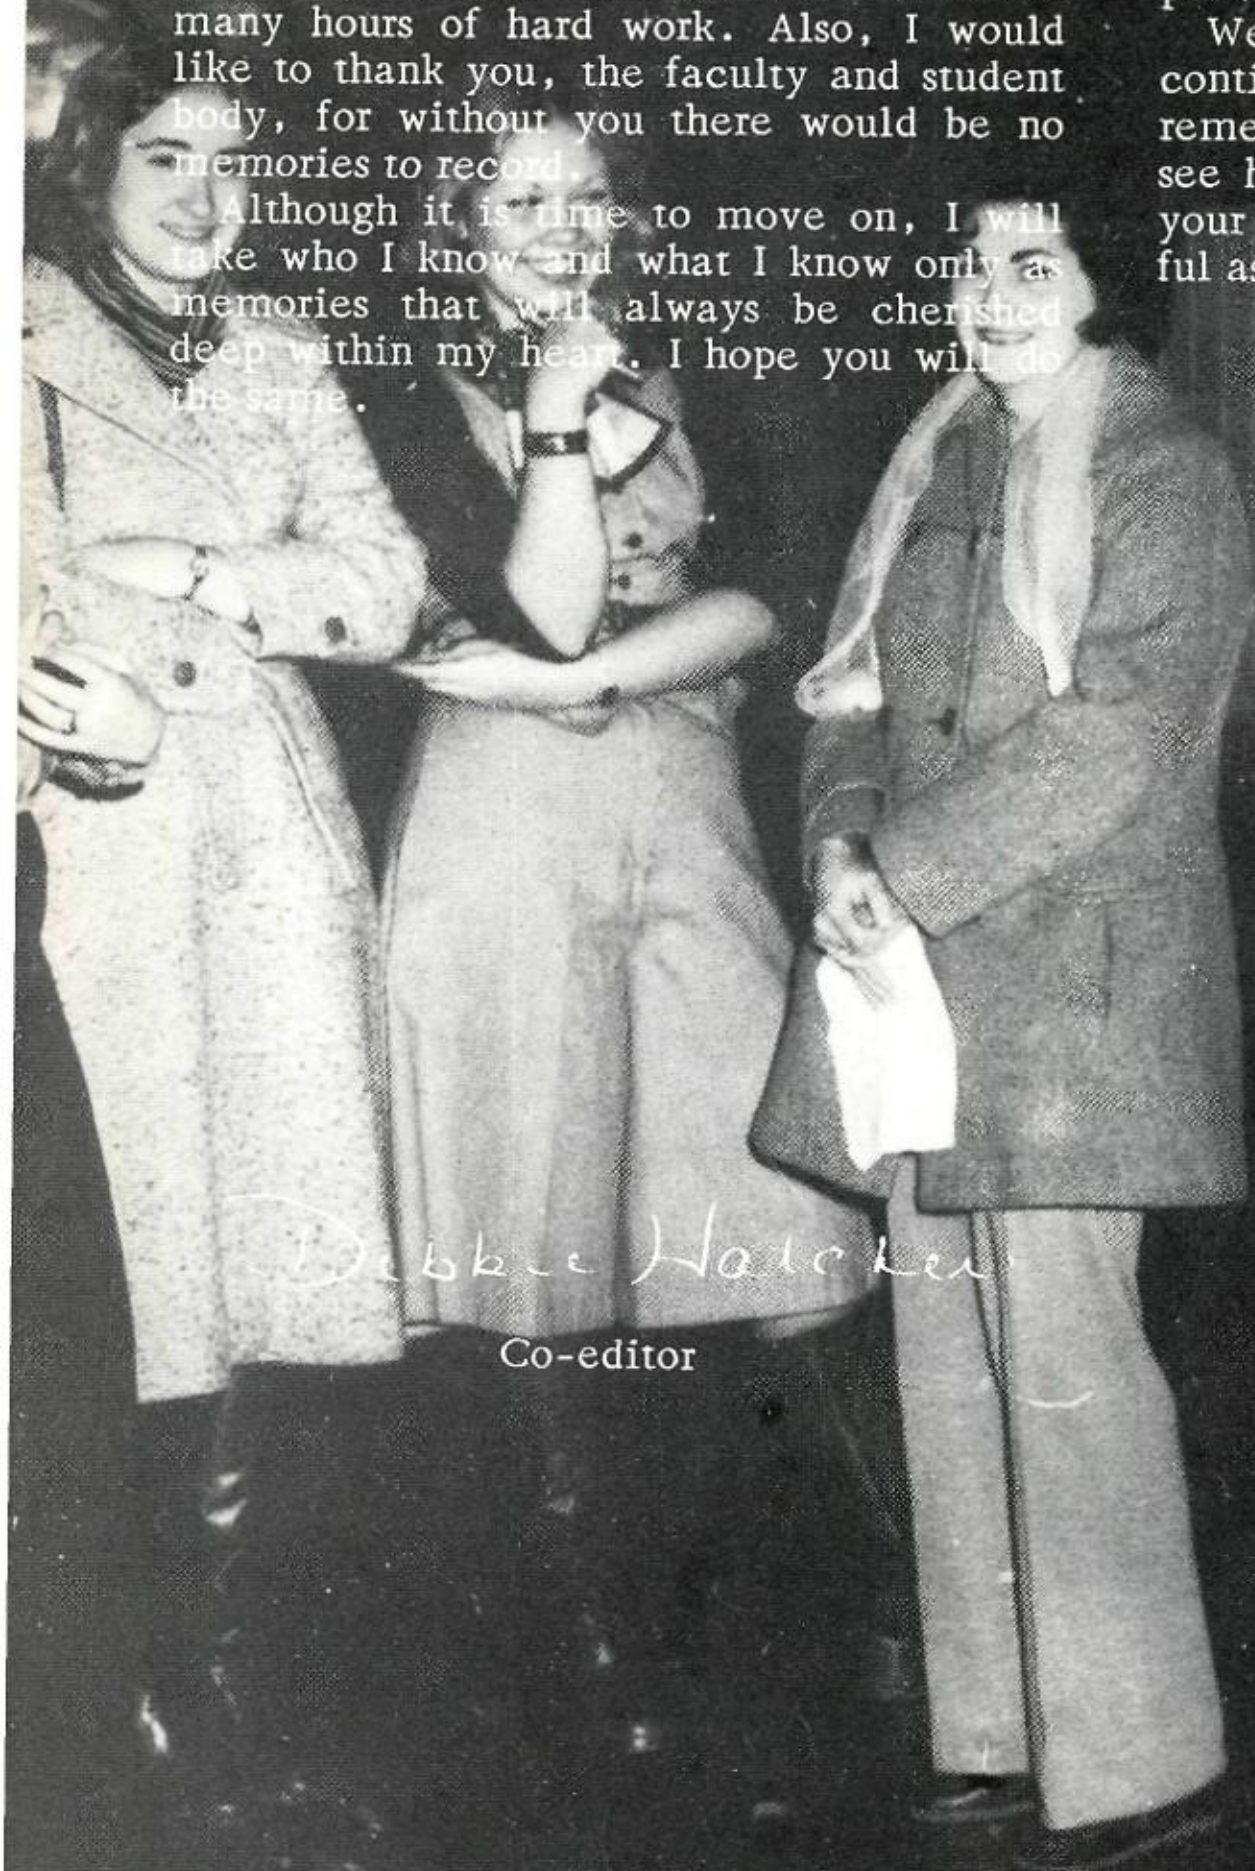

There are many people I would like to thank for helping with this book. My very special thanks go to Mrs. Rodman and Miss Senter, our annual sponsors, and Ilene Patrick, co-editor of the annual. Without their help the completion of this book would have been impossible. My thanks, also, go to the annual staff for their dedication and many hours of hard work. Also, I would like to thank you, the faculty and student body, for without you there would be no memories to record.

Although it is time to move on, I will take who I know and what I know only as memories that will always be cherished deep within my heart. I hope you will do the same.

It's hard to express in words how you feel about something very important to you. I really appreciate all the support and enthusiasm everyone has shown in annual projects and in school generally.

I especially appreciate Mrs. Rodman's help and understanding; and Miss Senter, thank you for giving us your support. To the staff itself, thank you for working so hard and tirelessly. To Debbie Hatcher, co-editor, my warmest thanks go to you. Thank you for every thing. Again, thank you all for being you and making this annual happen.

We are always moving on, and we will continue to do so. We'll look back and remember these years as great, and we'll see how far we have come. I hope all of your years at Horn Lake will be as wonderful as mine.
